EXPLANATORY STATEMENT

Item No. 1

Proposed Transaction

In order to expand the existing portfolio of Grade A assets and to diversify the geographical location into southern micro market, Brookfield India Real Estate Trust (“**Brookfield India REIT**”) acting through Brookprop Management Services Private Limited (“**Manager**”), in the capacity as manager to Brookfield India REIT, is proposing to acquire up to 100% of the issued and paid-up equity share capital (on fully diluted basis) comprising up to 737,872 equity shares having face value of Rs. 10 each of Arliga Ecoworld Business Parks Private Limited (“**Arliga Ecoworld**”) which will own and operate the Ecoworld asset, upon the effectiveness of the scheme of arrangement inter-alia amongst Arliga Ecoworld and others, that has been allowed by the National Company Law Tribunal, Bengaluru bench on October 29, 2025, and which is situated at Devarabeesanahalli, Varthur Hobli, Bengaluru, and comprising of the following properties, totaling to approximately 7.7 million square feet area (Msf) of area, together with land forming the footprint of and appurtenant to each of the buildings, along with amenities and rights to access roads on a non-exclusive basis (“**Ecoworld/Ecoworld Asset**”).

Name of Entity	Property Description	Nature of the Land Parcel	Nature of Ownership
Arliga Ecoworld Business Parks Private Limited	Land parcels admeasuring 44 acres 17.6 guntas comprising:	SEZ Land – Tower 1, 2, 3A, 3B, 3C, 4A, 4B, 4C, 5A and 5B	Freehold
		Non-SEZ Land – Tower 6A, 6B, 7, 8A, 8B	Freehold
	Central Avenue – admeasuring 0.23 acres (equivalent to 3.658%) of undivided share of land in Central Avenue)	Undivided share of land	Freehold
	Land parcel admeasuring 3 acres 17 guntas.	Non-SEZ land – Tower 4D	Leasehold ⁽¹⁾

(1) The remaining term of leasehold property is approx. 60 years.

The acquisition price for the Arliga Ecoworld is Rs. 131,250 million (which also includes full value of the property management contract for operational services to Ecoworld), calculated at a discount of 6.54% to the average of two independent valuations conducted by Ms. L. Anuradha and IVAS Partners i.e., Rs. 140,441 million, (which is subject to various adjustments in relation to net debt, working capital security deposit, other net liabilities and such other adjustments), as agreed between the parties, to arrive at net consideration to be paid in cash for purchase of equity shares (as may be adjusted for preferential issue of units, if any, to BSREP III New York FDI I (DIFC) Limited (“**Brookfield Seller**”), if any, in accordance with the terms of the definitive documents). In order to give effect to the acquisition of Arliga Ecoworld, Brookfield India REIT and Brookfield Seller has entered into a separate share purchase agreement, as supplemented from time to time (“**SPA**”) to record the terms for the purchase of the equity shares of Arliga Ecoworld.

In addition, in the event of increase in floor space index (“**FSI**”) in the underlying Ecoworld Asset and where such FSI can be feasibly consumed by Brookfield India REIT, an additional consideration of up to ₹ 2,000 million (calculated based on a formula involving certain parameters including area of additional FSI, costs such as capital expenditure incurred towards additional FSI, costs incurred to de-notify certain area as non-processing area and premium paid or payable to purchase certain portion of the Ecoworld Asset) may be paid as an FSI earnout, as mutually agreed between the parties to the SPA.

No acquisition fee is payable to the Manager for the acquisition of Arliga Ecoworld.

The Brookfield Seller and BSREP III New York II (DIFC) Limited, nominee of BSREP III New York FDI I (DIFC) Limited are part of the Brookfield group, BSREP India Office Holdings V Pte. Ltd., the sponsor of the Brookfield India REIT ("**Sponsor**") and members of the sponsor group of the Brookfield India REIT, are also members of the Brookfield group.

In connection with the proposed acquisition, Arliga Ecoworld has entered into a property management agreement ("**PMA**") with Candor India Office Private Limited (an entity owned by Brookfield India REIT) ("**CIOP**") for the providing real estate operating services in relation to leasing, management and operations of Arliga Ecoworld by CIOP.

In connection with the above acquisition, a rental true-up agreement has been executed between Arliga Ecoworld and Arliga India Office Parks Private Limited ("**Support Provider**") for a maximum amount of up to Rs. 1,000 million to be paid as rental true-up support by the Support Provider in respect of Ecoworld during the rental true-up support period.

The terms and conditions of the acquisition of Arliga Ecoworld, SPA, PMA and rental true-up agreement have been further detailed in the transaction document enclosed along with the Notice. The explanatory statement shall be read along with details provided under the transaction document pursuant to Regulation 19(5)(c) of the REIT Regulations, annexed as **Annexure C** to the Notice.

Pursuant to Regulation 19(5)(b)(i) of the REIT Regulations, the Ecoworld Acquisition requires the approval of unitholders of Brookfield India REIT ("**Unitholders**"), in accordance with Regulation 22(5) of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, together with the notifications, circulars, guidelines and clarifications issued thereunder, each as amended from time to time ("**REIT Regulations**").

Acquisition Mechanics

The acquisition of Arliga Ecoworld is for an acquisition price of Rs. 131,250 million (*which also includes full value of the property management contract for operational services to Ecoworld*), which has been calculated, at a discount of 6.54% to the average of two independent valuation (Rs. 140,441 million), as assessed by Ms. L. Anuradha and IVAS Partners, as per the Regulation 19(3) of REIT Regulations, which is subject to various adjustments in relation to net debt, working capital security deposit, other net liabilities and such other adjustments as agreed among the parties to arrive at net consideration ("**Acquisition Price**"), to be paid in cash for purchase of equity shares (as may be adjusted for preferential issue of units, if any, to the Brookfield Seller, if any, in accordance with the terms of the definitive documents). In addition, in the event of increase in FSI in the underlying Ecoworld Asset and where such FSI can be feasibly consumed by Brookfield India REIT, an additional consideration of up to ₹ 2,000 million (calculated based on a formula involving certain parameters including area of additional FSI, costs such as capital expenditure incurred towards additional FSI, costs incurred to de-notify certain area as non-processing area and premium paid or payable to purchase certain portion of the Ecoworld Asset) may be paid as an FSI earnout, as mutually agreed between the parties to the SPA.

Brookfield India REIT intends to complete the acquisition of up to 100% of the issued and paid-up equity share capital of Arliga Ecoworld from BSREP III New York FDI I (DIFC) Limited and its nominee, in accordance with the terms of the SPA and utilize the funds in accordance with the proposed plan set forth in the transaction document, through a combination the funds proposed to be raised through institutional placement and/or any other forms of fund raising, if any, including preferential allotment of units, for cash or otherwise and rights offering of units, or any other forms of fund raising (equity or debt) that may be undertaken by Brookfield India REIT in accordance with applicable law, balance sheet capacity which may be applied towards the Acquisition Price, in accordance with applicable law to Brookfield Seller.

The Acquisition Price shall be paid by the Brookfield India REIT to the Brookfield Seller in one or more tranches, in the manner and within the timelines as mutually agreed amongst the parties to the SPA, and as may be decided by the board of directors of Brookprop Management Services Private Limited, manager to Brookfield India Real Estate Trust or any committee constituted by it, subject to compliance with applicable law.

The acquisition of Arliga Ecoworld is subject to certain conditions precedent, including *inter alia* receipt of consents including lender consents or having provided lender intimations, as applicable, Unitholder approval and regulatory approvals (as applicable) set out in the transaction agreements.

None of the directors or key managerial personnel of the manager of Brookfield India Real Estate Trust (or their relatives) are interested in the proposed transaction in terms of Section 184 of Companies Act, 2013. Since Ecoworld Acquisition is a related party transaction, therefore Mr. Ankur Gupta, Mr. Rachit Kothari, Mr. Jan Thomas Sucharda and Mr. Alok Aggarwal (directors on the Board of the Manager), being employees of the Brookfield Group, have recused themselves from discussing and voting on decisions relating to the proposed transaction and also Sponsor and its associates will not vote on item no. 1 for approving the said acquisition.

None of the directors or key managerial personnel of the trustee of Brookfield India Real Estate Trust (i.e., Axis Trustee Services Limited) are interested in the Ecoworld Acquisition.

Pursuant to Regulation 19(5)(b) of the REIT Regulations, the proposed Acquisition requires the approval of Unitholders of the Brookfield India REIT in accordance with Regulation 22(5) of the REIT Regulations.

The Board of the Manager in its meeting held on November 4, 2025, has approved the proposed transaction and recommends the passing of the resolution at Item No.1, by way of simple majority (i.e. where the votes cast in favour of the resolution are required to be more than fifty percent (50%) of the total votes cast for the resolution) of the Unitholders in accordance with Regulation 22(5) of the REIT Regulations.

Item No. 2

Brookfield India REIT proposes to raise funds through an institutional placement(s) of units in one or more placements (together, the “**Institutional Placement**”), in cash, for an aggregate amount up to ₹ 35,000 million, to eligible institutional investors in accordance with the REIT Regulations, read with the Chapter 10 of Master Circular for Real Estate Investment Trusts (REITs) dated July 11, 2025 issued by the Securities and Exchange Board of India, as amended or clarified from time to time (the “**REIT Master Circular**”), and other applicable laws and the terms of the trust deed dated July 17, 2020 and investment management agreement dated July 17, 2020 and amendments thereof, subject to the prevailing market conditions and other relevant factors wherever necessary.

Based on this resolution and subject to compliance with applicable law, Brookfield India REIT may undertake more than one placement within a period of 365 days from the date of the EM or such other time as may be permitted under the REIT Regulations, the REIT Master Circular or other applicable law.

The proceeds from the Institutional Placement may be utilized (after deducting the issue related expenses) for, among others, 1) Ecoworld Acquisition; 2) the partial or full prepayment or repayment of the outstanding borrowings of Brookfield India REIT and companies held / to be held by Brookfield India REIT, equity contribution towards companies held / to be held by Brookfield India REIT; and 3) general purposes including funding operating expenses, funding capital expenditure, making investments in creditworthy instruments and / or future inorganic or organic growth opportunities or such other objects as may be decided by the board of directors of Brookprop Management Services Private Limited, manager to Brookfield India Real Estate Trust or any committee constituted by it, subject to compliance with the REIT Regulations, as may be applicable.

The board of directors of Brookprop Management Services Private Limited, manager to Brookfield India Real Estate Trust, at its meeting held on November 4, 2025, approved the Institutional Placement, for an aggregate amount not exceeding ₹35,000 million and recommended the same to the unitholders for their approval.

None of the directors or key managerial personnel of the manager of Brookfield India Real Estate Trust (or their relatives) are interested in the Institutional Placement.

None of the directors or key managerial personnel of the trustee of Brookfield India Real Estate Trust (i.e., Axis Trustee Services Limited) are interested in the Institutional Placement.

Pursuant to paragraph 10.2.1 of the REIT Master Circular, a resolution of the existing unitholders of Brookfield India REIT approving the Institutional Placement is required in accordance with Regulation 22(6) of the REIT Regulations. Accordingly, the board of the manager of Brookfield India Real Estate Trust recommends the passing of the above resolution as mentioned in Item No. 2 of this notice by way of special majority (i.e., where the votes cast in favour of the resolution shall be at least 60% of total votes cast for the resolution) of the unitholders.

Notes:

1. In order to allow maximum participation of unit holders in the meeting and for better governance, SEBI vide master circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2025/99 dated July 11, 2025 issued by the SEBI ("**REIT Master Circular**"), allowed real estate investment trusts ("**REITs**") to conduct the meetings of unitholders through Video Conference ("**VC**") or Other Audio-Visual Means ("**OAVM**"), without the physical presence of unitholders at a common venue. Hence, in compliance with the above Circular, the extraordinary meeting of unitholders of Brookfield India REIT ("**EM**") is being held through VC/ OAVM with a facility of two-way teleconferencing.

Brookprop Management Services Private Limited ("**Manager**"), on behalf of Brookfield India REIT, is providing a facility to the unitholders as on the cut-off date, being Friday, November 21, 2025, (the "**Cut-Off Date**") to exercise their right to vote by electronic voting systems from a place other than venue of the EM ("**Remote e-voting**") on the item of business(es) specified in the accompanying Notice. The Manager, on behalf of Brookfield India REIT, has engaged the services of MUFG Intime India Private Limited ("**Registrar and Transfer Agent**") for the purpose of providing remote e-voting facility to the unitholders. The resolution assented to by the requisite majority of unitholders shall be deemed to have been passed at the date of the meeting convened in that behalf.

The detailed instructions and procedure for voting and participation is given as follows:

The procedure and instructions for participating in the EM through VC/ OAVM and voting on the date of EM is detailed in the Notice as below:

- (i) Participation in the extraordinary meeting through OAVM through the Instameet platform of our Registrar and Transfer Agent detailed in **Annexure-A**, or;
 - (ii) Procedure and Instructions for "Remote e-voting" as **Annexure-B**.
2. Only those Unitholders whose names are recorded in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date i.e., Friday, November 21, 2025, will be entitled to cast their votes by Remote e-voting as well as voting in the EM.
 3. Unitholders are requested to read the instructions printed in the Notice for exercising their vote. Unitholders can exercise their vote on any or all of the items of business specified in the Notice.
 4. Unitholders may note that pursuant to the REIT Master Circular, the Notice of the EM is sent in electronic form only to those Unitholders whose email addresses are registered with the Registrar and Share Transfer Agent of Brookfield India REIT, National Securities and Depositories Limited ("**NSDL**") and Central Depository (India) Services Limited ("**CDSL**") ("**Depositories**"). Further, the Notice of the EM along with the explanatory statement and other documents are also being uploaded on the website of following.

Such forward-looking statements are made based on the Manager's current expectations or beliefs as well as assumptions made by, and

information currently available to the Manager. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There may be additional material risks that are currently not considered to be material or of which BIRET and any of its representatives are unaware. Factors that could cause actual results to differ materially from those set forward in the forward-looking statements or information include but are not limited to: general economic conditions, changes in interest and exchange rates, availability of equity and debt financing and risks particular to underlying portfolio company investments. There is no guarantee that BIRET will be able to successfully execute all or any future deals, projects or exit strategies, achieve leasing plans, secure debt or receive development approvals. Industry experts may disagree with the assumptions used in presenting the projected results. Any changes to assumptions could have a material impact on projections and actual returns. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, legal and contractual restrictions on transfer that may limit liquidity, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the valuations used in the prior performance data contained herein are based. Accordingly, the actual realized returns on unrealized investments may differ materially from the returns indicated herein. Against the background of these uncertainties, readers should not rely on these forward-looking statements.

Financial Information

Pro-forma Metrics

In this Transaction Document, BIRET presents certain unaudited, pro-forma operational and financial metrics (the “**Pro-forma Metrics**”) as of and for the six months period ended September 30, 2025 (unless specified otherwise), as adjusted to give effect to the Ecoworld Acquisition, as if it had occurred on April 1, 2025 (“**Acquisition Related Event**”). BIRET has agreed to acquire up to 100% of the Target SPV. Accordingly, the Pro-forma Metrics (including Pro-forma Consolidated GAV) have been calculated assuming 100% stake in the Target SPV, unless otherwise specified.

The Pro-forma Metrics will vary in case any of the assumptions change, including any changes in the consideration for acquisition of the Target Asset on account of potential closing adjustments. The metrics of the entities/ businesses being acquired have been computed on the same basis as the corresponding metrics of BIRET as of/ for the six months period ended September 30, 2025.

This Transaction Document, specifically the section titled “*Information regarding the Target Asset*”, comprises certain unaudited financial information of the Target SPV as of and for the six months period ended September 30, 2025 which may be subject to change upon completion of audit, including changes relating to the constituent metrics on account of regrouping and presentation of such metrics.

Any metrics referred to in the Transaction Document (including the metrics set out below) in relation to the Pro-forma Portfolio will be deemed to be a part of the Pro-forma Metrics.

- Pro-forma NAV
- Pro-forma DPU
- Pro-forma Consolidated GAV
- Pro-forma LTV
- Pro-forma Operating Area

The methodologies used for calculating Pro-forma DPU and Pro-forma LTV, are in line with the methodologies used for calculating such metrics for the Current Portfolio for the quarter ended September 30, 2025. Further, the Pro-forma DPU is derived on the run-rate based on occupancy and in-place rent which includes LOIs committed to-date for the Target Asset.

The Pro-forma Metrics are presented for illustrative purposes only and do not purport to represent what the actual results of operations would have been if the events for which the adjustments were made had occurred on the dates assumed, nor does it purport to project the results of operations of BIRET for any future period or its financial condition at any future date. The future operating results of BIRET and the actual outcome of the acquisition of the Target Asset may differ materially from the pro forma amounts set out in this Transaction Document due to various factors, including changes in operating results. Further, the Pro-forma Metrics have not been prepared in accordance with the requirements of Regulation S-X under the U.S. Securities and Exchange Act of 1934, as amended, U.S. GAAP, IFRS or Ind-AS. The resulting Pro-forma Metrics have not been audited or reviewed in accordance with U.S. GAAP, IFRS or Ind-AS.

The Pro-forma Metrics address hypothetical situations and do not represent actual consolidated financial condition of BIRET, distributions or results of operations, and is not intended to be indicative of our future financial condition, distributions and results of operations. The adjustments set forth in the Pro-forma Metrics are based upon available information and assumptions that the Manager believes to be reasonable. The rules and regulations related to the preparation of pro-forma financial information in other jurisdictions may vary significantly from the basis of preparation for the pro-forma financial information. Accordingly, the Pro-forma Metrics should not be relied upon as if it has been prepared in accordance with those standards and practices.

Further, the Acquisition Related Event described above is subject to the completion of various conditions and there is no assurance that they will all be successfully completed. In case any of the Acquisition Related Event are not completed, the Pro-forma Metrics presented herein would be entirely incorrect.

Readers should note that a presentation of the Acquisition Related Event, on a pro-forma basis, should not be construed to mean that the acquisition of the Target Asset or the Acquisition Related Event will definitely occur, including as described in this Transaction Document.

It is clarified that SEBI has issued a circular dated December 6, 2023 on the 'Revised Framework for Computation of Net Distributable Cash Flow by Real Estate Investment Trusts' pursuant to which the revised framework for computation of net distributable cash flows is applicable to us from April 1, 2024.

(3) Including car parks.

(4) Average MTM potential on ~26% gross rentals expiring from FY27 to FY29.

Brookfield India REIT has signed binding agreements to acquire a **100% stake** in Ecoworld⁽¹⁾, a 48 acre / 7.7 MSF⁽²⁾ operating asset located in Bengaluru, for an acquisition price of **Rs 131,250 Million**

Deal Highlights

- Increasing Scale: operating area to increase by 31% and consolidated GAV to increase by 35%
- Enhancing Diversification: Bengaluru to become the largest market for the REIT at 32% share of GAV (at-share)
 - GCC share in tenancy to increase to 45% and top 10 tenant concentration to reduce to 30% (both on contracted rents)
- Highly Accretive: attractive entry discount and payment plan, expected to achieve accretion of 3.0% on DPU and 1.6% on NAV
- Re-rating Distribution Mix: share of dividends expected to almost double to ~30%⁽³⁾ in the near term, making it attractive to a wider unitholder base

Deal Terms

- Acquisition Price: Rs 131,250 Million, implying a 6.5% discount⁽⁴⁾ to GAV, a 7.7% FY27E cap rate and a 8.9% FY29E cap rate
- Payment Plan: Rs 120,000 Million (Tranche 1) and Rs 11,250 Million to be paid at 18 months (Tranche 2), aligning the payment timing with income generation profile
- Rent-free True-up: REIT will receive Rs 1,000 Million against the rent frees on committed tenancy, helping secure full cash distribution
- FSI Earnout: Seller to get an amount for additional FSI along with Tranche 2 (upto Rs 2,000 Million), only if it could be feasibly consumed. Management estimates that no earnout will be due up to 1.0 MSF of additional FSI as per the formula (Refer page 18 for more details)

Funding Plan

- In order to finance the acquisition, the REIT shall target to raise Rs 25,000 Million through an institutional placement⁽⁵⁾, with higher enabling approvals (for Rs 35 B) to create headroom for future growth opportunities
 - Combined with Rs 45 B capital raised over last 12 months, the REIT will have sufficient balance sheet capacity to finance Tranche 1
 - Tranche 2 will be financed through debt / equity which will be raised in future

(1) Including the operational services contract.

(2) The property has additional 0.1 MSF development potential that could be utilized in the existing towers.

(3) Management estimate.

(4) The discount to GAV does not factor the present value impact of Tranche 2.

(5) Brookfield India REIT may also consider other forms of fund raising, including preferential allotment of units, in accordance with applicable law.

Campus 3, a 5.3 acre / 0.7 MSF built SEZ campus, is going into refurbishment in Q2FY27, following relocation of the existing tenant to another tower within the park. The site may also be suitable for a profitable redevelopment at attractive yields, if adequate additional FSI is secured

Base Case: Refurbishment Plan

- De-notify or convert into Non-processing Area (NPA). Post conversion, overall NPA areas will remain within the 50% regulatory limit under the SEZ regulations
- Re-launch the campus for leasing on back of a comprehensive refurbishment program (Rs 1,500 Million capex)

Upside Case: Potential Redevelopment

- If the TOD Policy⁽¹⁾ is notified, additional FSI can become available for a purchase, and can be evaluated for a redevelopment of Campus 3 into a modern office tower for large build-to-suit requirements
- Management expects that at 1.0 MSF additional FSI (total 1.5 MSF including 0.5 MSF of existing tower FSI), a redevelopment would lead to attractive yields and significant profits (refer table below)

Redevelopment Area (1.5 MSF FSI / 2.0 MSF GLA)

Tranche 2	Rs 11,250 Million	
FSI Premiums	Rs 2,500 Million	at Rs 2,500 PSF on additional FSI
Capex / Conversion / Approval Costs	Rs 1,250 Million	Management estimate
FSI Earnout ⁽²⁾	- -	As per the formula
All-in Land Cost⁽²⁾	Rs 15,000 Million	Rs 10,000 PSF on FSI
Development Cost	Rs 15,000 Million	Rs 7,500 PSF on GLA
Total Cost	Rs 30,000 Million	
Rent Potential (Yr 5)	Rs 3,450 Million	at Rs 115 PSF market rent grown at 5.0% p.a.
Estimated YoC	11.5%	on Land + Capex
Estimated Profit	Rs 16,000 Million	at 7.5% exit cap rate

(1) Karnataka Transit-Oriented Development Policy - which applies to properties in proximity of the metro lines.

(2) As per deal terms, an FSI Earnout is only payable if the Total FSI that could be feasibly consumed (including utilized FSI in Campus 3) x Rs 10,000 PSF, leads to any surplus post deducting (a) Tranche 2, (b) FSI premiums, (c) capex incurred on Campus 3, (d) denotification / NPA conversion costs, and (d) other costs to procure or enable consumption of FSI. Such surplus shall be paid along with the Tranche 2 but capped at Rs 2,000 Million.

Basis of Presentation of Pro-forma and Certain Other Information

Pro-forma Metrics

In this Transaction Document, Brookfield India REIT presents certain unaudited, pro-forma operational and financial metrics (the "Pro-forma Metrics") as of and for the 6 months ended September 30, 2025 (unless specified otherwise), as adjusted to give effect to the Ecoworld Acquisition, as if it had occurred on April 1, 2025 ("Acquisition Related Event"). Brookfield India REIT has agreed to acquire up to 100% of the Target SPV. Accordingly, the Pro-forma Metrics (including Pro-forma Consolidated GAV) have been calculated assuming 100% stake in the Target SPV, unless otherwise specified. The Pro-forma Metrics will vary in case any of the assumptions change, including any changes in the consideration for acquisition of the Target Asset on account of potential closing adjustments. The metrics of the entities/ businesses being acquired have been computed on the same basis as the corresponding metrics of Brookfield India REIT as of/ for the 6 months ended September 30, 2025.

This Transaction Document, specifically the section titled "Information regarding the Target Asset", comprises certain unaudited financial information of the Target Asset as of and for the 6 months ended September 30, 2025 which may be subject to change upon completion of audit, including changes relating to the constituent metrics on account of regrouping and presentation of such metrics.

Any metrics referred to in the Transaction Document (including the metrics set out below) in relation to the Pro-forma Portfolio will be deemed to be a part of the Pro-forma Metrics.

- Pro-forma NAV
- Pro-forma DPU
- Pro-forma Consolidated GAV
- Pro-forma LTV
- Pro-forma Operating Area

The methodologies used for calculating Pro-forma DPU and Pro-forma LTV, are in line with the methodologies used for calculating such metrics for the Current Portfolio for the quarter ended September 30, 2025. Further, the Pro-forma DPU is derived on the run-rate based on occupancy and in-place rent which includes LOIs committed to-date for the Target Asset.

The Pro-forma Metrics are presented for illustrative purposes only and do not purport to represent what the actual results of operations would have been if the events for which the adjustments were made had occurred on the dates assumed, nor does it purport to project the results of operations of Brookfield India REIT for any future period or its financial condition at any future date. The future operating results of Brookfield India REIT and the actual outcome of acquisition of the Target Asset may differ materially from the pro forma amounts set out in this Transaction Document due to various factors, including changes in operating results. Further, the Pro-forma Metrics have not been prepared in accordance with the requirements of Regulation S-X under the U.S. Securities and Exchange Act of 1934, as amended, U.S. GAAP, IFRS or Ind-AS. The resulting Pro-forma Metrics have not been audited or reviewed in accordance with U.S. GAAP, IFRS or Ind-AS. The Pro-forma Metrics address hypothetical situations and do not represent actual consolidated financial condition of Brookfield India REIT, distributions or results of operations, and is not intended to be indicative of our future financial condition, distributions and results of operations. The adjustments set forth in the Pro-forma Metrics are based upon available information and assumptions that the Manager believes to be reasonable. The rules and regulations related to the preparation of pro-forma financial information in other jurisdictions may vary significantly from the basis of preparation for the pro-forma financial information. Accordingly, the Pro-forma Metrics should not be relied upon as if it has been prepared in accordance with those standards and practices. Further, the Acquisition Related Event described above is subject to the completion of various conditions and there is no assurance that they will all be successfully completed. In case any of the Acquisition Related Event are not completed, the Pro-forma Metrics presented herein would be entirely incorrect.

Readers should note that a presentation of the Acquisition Related Event, on a pro-forma basis, should not be construed to mean that acquisitions of the Target Asset or the Acquisition Related Event will definitely occur, including as described in this Transaction Document. It is clarified that SEBI has issued a circular dated December 6, 2023 on the 'Revised Framework for Computation of Net Distributable Cash Flow (NDCF) by Real Estate Investment Trusts (REITs)' pursuant to which the revised framework for computation of NDCF is applicable to us from April 1, 2024.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Transaction Document is based on C&W Research and is confirmed by C&W, who has been engaged by the Manager. Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable, but their accuracy and completeness are not guaranteed, and their reliability cannot be assured. The data used in these sources may have been re-classified for the purposes of presentation. Data from these sources may also not be comparable. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors. The extent to which the market and industry data used in this Transaction Document is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of Brookfield India REIT is conducted, and methodologies and assumptions may vary widely among different industry sources.

Certain Other Information

Certain data contained in this Transaction Document, including financial information, has been subject to rounding adjustments. Accordingly, in certain instances, the sum of the numbers in a column, row or table may not conform exactly to the total figure given for that column, row or table, or the sum of certain numbers presented as a percentage may not conform exactly to the total percentage given. Certain information in this Transaction Document (in particular, the Pro-forma Metrics) has been presented to show the impact of the acquisition of the Target Asset, for presentation purposes only.

All operating or financial metrics presented in this Transaction Document are as of/ for the 6 months ended September 30, 2025, unless otherwise indicated. Further, the Pro-forma DPU is derived on the run-rate based on occupancy and in-place rent which includes LOIs committed to-date for the Target Asset.

All figures corresponding to year denoted with "FY" are, as of or for the one-year period ending (as may be relevant) 31st March of the respective year. Similarly, all figures corresponding to year denoted with "CY" are, as of or for the one-year period ending (as may be relevant) 31st December of the respective year. Unless specifically mentioned otherwise, any reference to year refers to CY and financial year to FY.

D. Overview of the Proposed Resolutions

The Manager is seeking approval from the Unitholders for the resolution set out below:

Approval under Regulation 22(5) of the REIT Regulations

The following resolutions are required to be passed by way of simple majority (i.e., where the votes cast in favour of the resolution are required to be more than 50% of the total votes cast for the resolution):

- **Resolution 1:** To consider and approve the Ecoworld Acquisition for an Acquisition Price of ₹ 131,250 million from BSREP III New York FDI I (DIFC) Limited and BSREP III New York II (DIFC) Limited (as a nominee of BSREP III New York FDI I (DIFC) Limited) (being related parties of BIRET as per the REIT Regulations).

The Brookfield Group Unitholders and their respective associates will not vote on the resolution.

In accordance with Regulation 19(5)(b)(i) and the policy on related party transactions adopted by the Manager on behalf of BIRET, the Ecoworld Acquisition is a related party transaction and the acquisition price exceeds 10% of the Consolidated GAV of BIRET. Accordingly, BIRET seeks an approval from the Unitholders pursuant to Regulation 22(5) for the Ecoworld Acquisition.

The Ecoworld Acquisition is subject to certain conditions precedent, including consents, Unitholder approval and regulatory approvals (as applicable) set out in the Transaction Agreements. For further details about the terms of the Transaction Agreements, please see “*Section III: C. Key terms of the Transaction Agreements*” below.

Approval under Regulation 22(6) of the REIT Regulations

The following resolution is required to be passed by way of special majority (i.e., where the votes cast in favour of the resolution are required to be at least 60% of the total votes cast for the resolution):

- **Resolution 2:** To consider and approve the raising of funds through an Institutional Placement of Units not exceeding ₹ 35,000 million in one or more placements.

E. Recommendations for Unitholder Approval***The Ecoworld Acquisition***

Based on the key benefits of the Ecoworld Acquisition as set out in “*Section I – C. Information regarding the Target Asset*” and the information set out in this Transaction Document, the Manager believes that the Ecoworld Acquisition is consistent with the strategy and investment objectives of BIRET and is in the best interests of the Unitholders.

Accordingly, the Manager recommends that the Unitholders vote at the EM in favour of the resolution to approve the Ecoworld Acquisition.

Institutional Placement

Based on the proposed funding set out in “*Section I – C. Information regarding the Target Asset*” below and the information set out in this Transaction Document, the Manager believes that funding the proposed Ecoworld Acquisition through an Institutional Placement (in conjunction with other available sources of funding) would be consistent with the investment objectives and strategy of BIRET and in the best interests of the Unitholders.

Other Issuance(s)

In addition to the Institutional Placement, BIRET may, subject to market conditions and other relevant factors, also consider various other forms of fund raising, including preferential allotment of Units, for cash or otherwise, and rights offering of Units, in accordance with applicable law, including obtaining the approval of the Board and its Unitholders, as required.

Accordingly, the Manager recommends that the Unitholders vote at the EM in favour of the resolution to approve the Institutional Placement.

SECTION II

A. Information about BIRET

We are India's only institutionally managed public commercial real estate vehicle. Sponsored by an affiliate of Brookfield, whose asset management business is one of the world's largest alternative asset managers with over US\$~1 Tn + in assets under management, as of September 30, 2025. Our goal is to be the leading owner of high-quality income producing commercial real estate assets in key gateway Indian markets, which have significant barriers to entry.

We own a Current Portfolio of six large campus-format office parks, which we believe are "business-critical" to our occupiers, and are located in some of India's key gateway markets – Delhi, Mumbai, Gurugram, Noida and Kolkata. Our Portfolio totals 29.1 msf, comprising 24.6 msf of Operating Area, 0.6 msf of Under Construction Area and 3.9 msf of Future Development Potential.

Our Current Portfolio's Operating Area has a Committed Occupancy of 90.1 % and is leased to marquee multi-national corporations such as TCS, Accenture, Bharti Airtel, Cognizant, Capgemini among others. While a 6.6 year WALE provides stability to the cash flows of our Current Portfolio, we are well positioned to achieve further organic growth through a combination of contractual lease escalations, 15% Mark-to-Market headroom to In-place Rents and lease-up of Vacant Areas. Our Current Portfolio is significantly complete and stable with 97% of the GAV in operating properties.

We adopt strong corporate governance practices, and 50% of the Board comprises of independent directors. Additionally, we maintain protocols that are aimed at protecting the interests of the Unitholders, including maintaining low levels of leverage, simple fee structure and stringent oversight on related party transactions.

Key Business Highlights since IPO

- Distributed ₹84.55 per unit, aggregating to ₹35,308 million.
- Achieved gross leasing of 14.5 msf including 9.1 msf of new leasing and 5.4 msf of renewals.
- Enhanced the scale of BIRET through acquisition of Candor TechSpace N2, a 4.7 msf campus-style corporate park in Noida, in January 2022. Further increased the scale of BIRET, through the acquisitions of Candor TechSpace G1 and Downtown Powai in August 2023, in an equal, strategic partnership with GIC, and the acquisitions of Airtel Center, Pavilion Mall, Worldmark Gurugram and Worldmark Delhi in June, 2024, from the Bharti group, jointly held with a member of the Brookfield Group.
- Achieved 8.06% average escalation in H1FY26 on 4.3 msf Leased Area.

- Leased and renewed 1.2 msf in H1FY26, with an 90% Committed Occupancy as of September 30, 2025.
- Received 5-star rating from GRESB (Global Real Estate Sustainability Benchmark) for the fourth consecutive year.
- Advanced our net-zero target to 2040 or earlier.

SECTION III

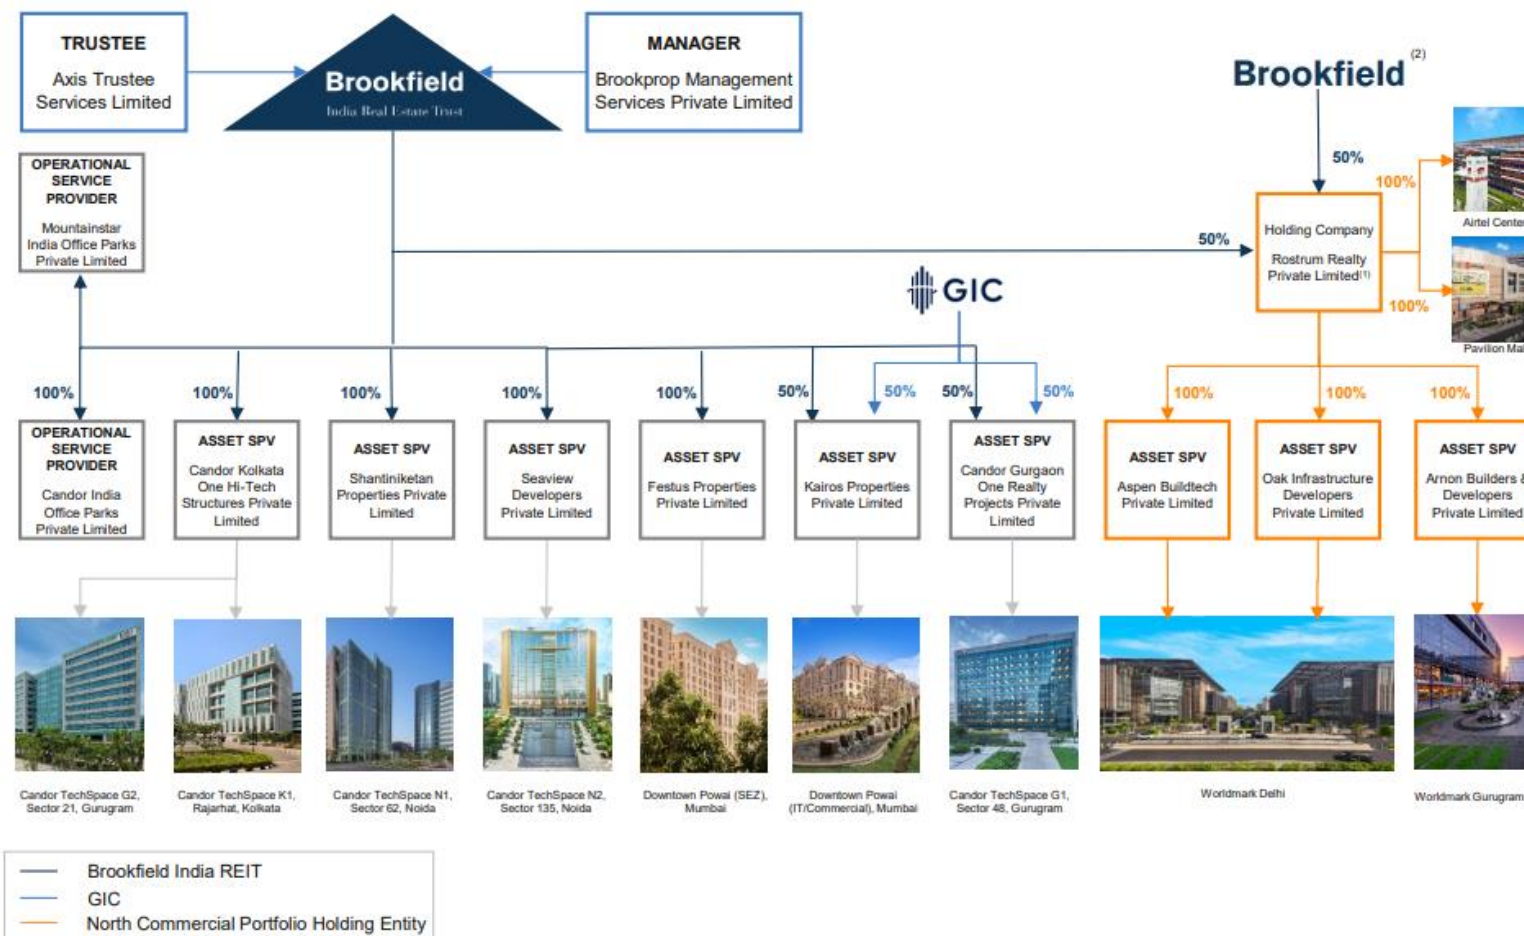

A. Structure of the Ecoworld Acquisition

The charts below show the current structure of the Target SPV, current structure of BIRET prior to Ecoworld Acquisition and the structure of BIRET post the Ecoworld Acquisition:

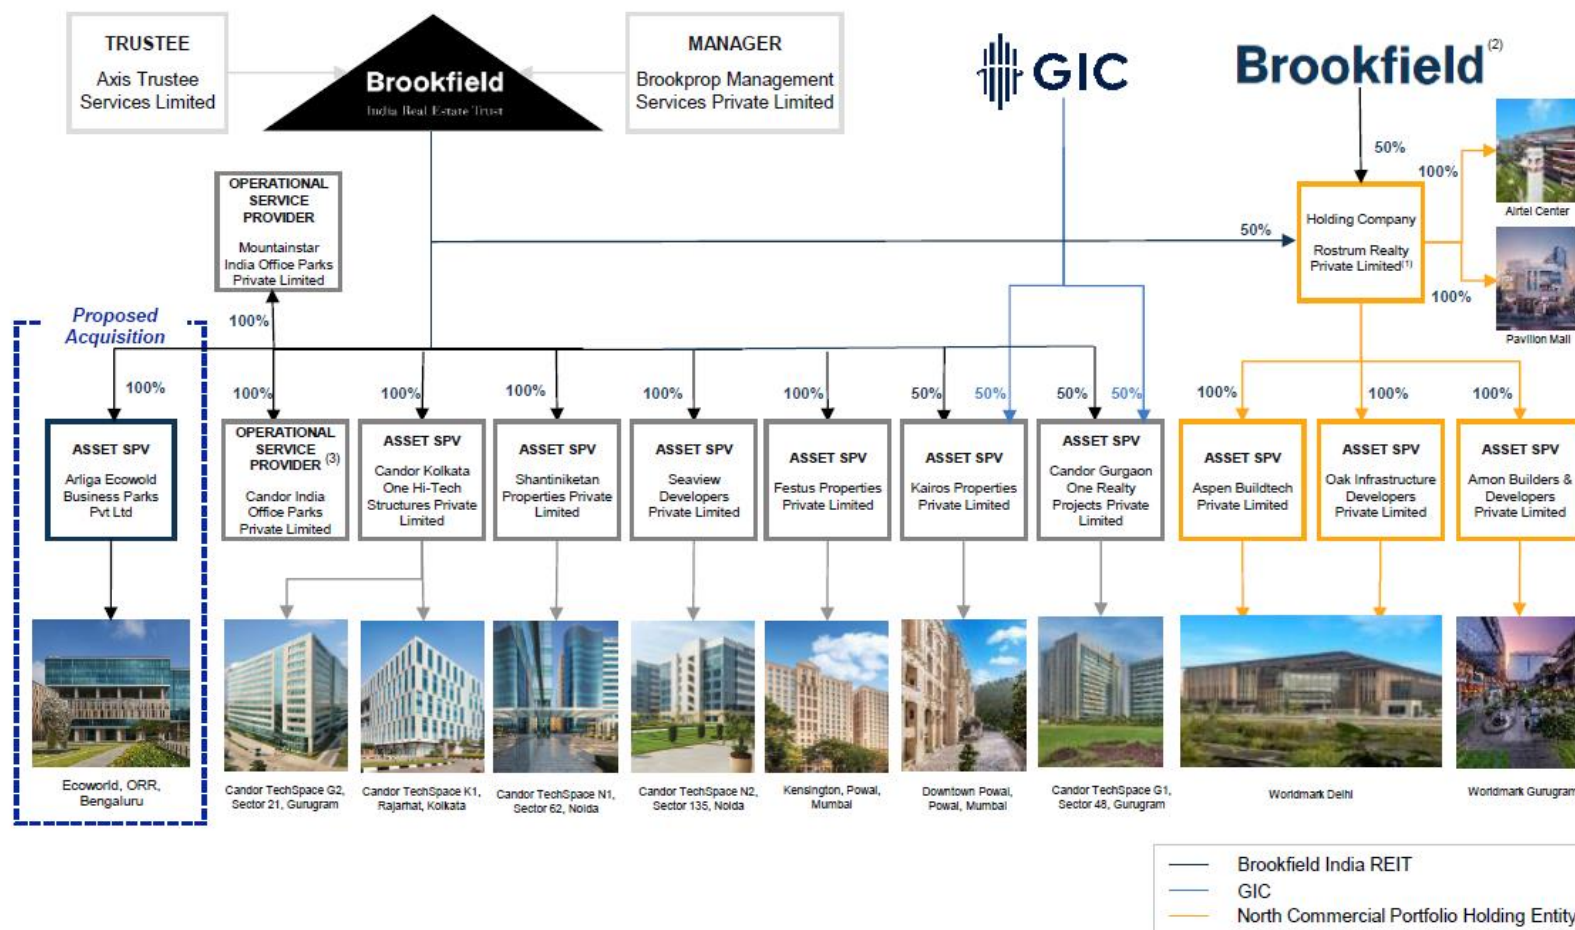

**100% of the Target SPV is held by BSREP III New York FDI I (DIFC) Limited either by itself or through its nominees*

BIRET structure prior to the Ecoworld Acquisition

(1) Two of the portfolio assets Airtel Center & Pavilion Mall are held by Rostrum Realty Private Limited.
 (2) Held by Brookfield Group.

BIRET structure post the Ecoworld Acquisition

(1) Two of the portfolio assets Airtel Center & Pavilion Mall are held by Rostrum Realty Private Limited.

(2) Held by Brookfield Group.

(3) Services contract for property management for Ecoworld shall be transferred to Candor India Office Parks Private Limited.

B. Related Parties

The Ecoworld Acquisition is a related party transaction under the REIT Regulations. The Seller is a member of the Brookfield Group and is accordingly a related party of BIRET.

The Ecoworld Acquisition will also involve the execution of certain agreements with the Seller (as a related party). For further details, regarding the terms of the Transaction Agreements, please see “*Section III – C. Key Terms of the Transaction Agreements*”.

C. Valuation of the Target Asset

The tables below show the Acquisition Price calculation based on the valuation of the Target Asset as provided by the independent valuers:

₹ Million	Independent Valuation					
Asset	MSF	Valuer 1 ⁽¹⁾	Valuer 2 ⁽²⁾	Average	% Total	PSF
Operating Area	7.7	140,248	139,392	139,820	99.6%	18,074
Future Development	0.1	603	639	621	0.4%	7,801
Total	7.8	140,851	140,031	140,441	100%	17,969
Enterprise Value				131,250		16,793
Discount %				6.54%		

Footnotes:

- (1) Independent valuation undertaken by iVAS Partners, an IBBI registered valuer
(2) Independent valuation undertaken by Ms. L. Anuradha, an IBBI registered valuer

The ready reckoner value for Ecoworld as per the valuation report issued by Ms. L. Anuradha is ₹ 8,942 per square foot of built-up area and ₹10,312 per square foot for land area.

Valuation Methodology

The valuations have been conducted in accordance IVSC International Valuation Standards. The valuation of the office component, both completed as well as under construction components, has been arrived at through the Discounted Cash Flow Method. The Discounted Cash Flow Method considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, average sq. ft. rent and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates.

For further details, please see the section “*Valuation Reports*” below.

D. Key Terms of the Transaction Agreements

I. SPA

BIRET (acting through the Manager), BSREP III New York FDI I (DIFC) Limited (“**Seller**”) and the Target SPV have entered into a share purchase agreement dated November 4, 2025 (“**SPA**”) for the acquisition of the Sale Shares by BIRET which shall constitute up to 100% of the share capital of the Target SPV on a fully diluted basis.

Sale Shares

737,872 equity shares of the Target SPV from BSREP III New York II FDI I (DIFC) Limited (including two equity shares from its nominee, BSREP III New York II (DIFC) Limited), representing 100% (One Hundred Percent) of the equity share capital of the Target SPV on a fully diluted basis.

Purchase Consideration

(a) ₹ 61,000 million (“**Upfront Consideration**”), is payable by BIRET to the Seller on the Closing Date (*as defined below*); (b) ₹ 11,250 million payable by BIRET to the Seller on or prior to the expiry of 18 months from the date of execution of the SPA; (c) up to 2,000 million which may be paid by BIRET, in the event of any increase in the FSI, underlying Ecoworld and where such FSI can be feasibly consumed by BIRET in a mutually agreed manner on or prior to the expiry of 18 months from the date of execution of the SPA or such later date as may be approved in accordance with applicable law, and which is calculated based on a formula involving certain parameters including area of additional FSI, costs such as capital expenditure incurred towards additional FSI, costs incurred to de-notify certain area as non-processing area and premium paid or payable to purchase certain portion of the Ecoworld Asset), as mutually agreed between the parties to the SPA (“**FSI Earnout**”).

BIRET has a period of 60 days from the date of receipt of the approval of the Unitholders (as required under the REIT Regulations) for undertaking an institutional placement and allotment of the Units to eligible investors (“**Fundraising Period**”), to arrange sufficient funds to pay the full Upfront Consideration in cash. However, if BIRET is unable to arrange the necessary funds for payment of the Upfront Consideration in cash within the prescribed timeline, the Seller shall have the exclusive right and discretion to:

- (a) extend the Fundraising Period by up to 60 days from the date of issuance of the Fundraising Notice (*as defined in the SPA*); or
- (b) elect to accept Units for part of the Upfront Consideration, subject to certain conditions including among others, the aggregate value of such Units not exceeding ₹ 8,000 million; or
- (c) complete a partial sale of the Sale Shares corresponding to funds actually raised during the Fundraising Period, provided that such Sale Shares shall not be less than 50% of the Shares of the Target SPV, on a fully diluted basis.

Standstill Covenants

Subject to specific exceptions agreed in the SPA (including actions expressly contemplated in this Transaction Document or the SPA), during the period between the execution date of the SPA and the Closing Date (*as defined below*) (“**Standstill Period**”), the Target SPV has agreed to, among others, (a) not alter or modify its constitutional documents; (b) not establish or acquire a subsidiary; and (c) manage its business in the ordinary course and in accordance with the past practices of the Target SPV. During the Standstill Period, the Seller has agreed that it shall, among other restrictions, not either by itself or through its affiliates, transfer or offer to transfer any of the Sale Shares to any person other than BIRET, without written consent of BIRET.

The obligation of BIRET to acquire the Target SPV and the obligation of the Seller to sell the Sale Shares, are conditional upon the completion (unless waived or deferred in accordance with the SPA) of certain conditions precedent including, among others, (a) relevant consents/ confirmations from certain lenders of the Target SPV in relation to the Ecoworld Acquisition having been obtained; (b) corporate and secretarial actions required to give full effect to the Scheme in accordance with its terms, the order of the NCLT and applicable law shall have been completed; (c) the Target SPV having entered into a trademark license agreement with Arliga India Office Parks Private Limited, in a form and substance reasonably satisfactory to BIRET, permitting the Target SPV to use all trademarks owned by Arliga India Office Parks Private Limited and used or intended to be used in connection with its business; and (d) BIRET having obtained the approval of its Unitholders (as required under the REIT Regulations) for each of the following: (i) the Institutional Placement; and (ii) undertaking the Ecoworld Acquisition.

Closing

The SPA sets out closing actions for the transfer of the Sale Shares too BIRET and the payment of purchase consideration to the Seller. Closing under the SPA shall take place within seven business days from the later of the date of completion of the conditions to the Ecoworld Acquisition in the manner set out in the SPA, but not later than March 31, 2026 or such other date as may be mutually agreed between the parties to the SPA (“**Long Stop Date**”) (the date on which the Closing occurs being the “**Closing Date**”), provided however, if Units are issued as part of the Upfront Consideration, then Closing (*as defined under the SPA*) shall be in compliance with the applicable timelines specified in the REIT Regulations.

Representations and Warranties

The Target SPV and the Seller have jointly and/ or severally, given certain customary representations and warranties under the SPA, including in relation to the title held by the Target SPV in the Sale Shares.

Indemnification

From the Closing Date, BIRET (its manager and their respective directors, employees, officers) will be indemnified, among other things, from direct losses arising from breaches of the representations and warranties provided to BIRET under the SPA. These indemnities are subject to mutually agreed monetary and time-period limitations.

Termination of SPA

The SPA may be terminated prior to Closing (a) by mutual consent of the parties to the SPA, in writing; or (b) automatically, if the Closing does not take place by the Long Stop Date; or (c) by BIRET, by notice in writing to the other parties to the SPA, upon occurrence of a material adverse effect (*as defined in the SPA*), and if such material adverse effect has not been cured within 30 business days from the date of written notification by BIRET of such occurrence.

II. Rental True-Up Agreement

The Target SPV and Arliga India Office Parks Private Limited (“**Support Provider**”) have entered into a rental true-up agreement dated November 4, 2025 (“**Rental True-Up Agreement**”), pursuant to which the support provider shall extend rental true-up support of up to ₹ 1,000 million in relation to certain qualifying properties under Target Asset, during the rental free true-up period i.e., from the date of closing under the SPA up to the date of expiry of five calendar quarters.

Payment mechanism

For each calendar quarter commencing from the effective date of the Rental True-Up Agreement, the Target SPV shall issue a true-up notice to the Support Provider, during the quarter or within 30 business days from the end of the quarter specifying the eligible properties, the rental true-up amount to be paid (“**Rental True-Up Amount**”) for that quarter and the calculation for the rental true-up amount as required under the Rental True-Up Agreement. The Support Provider shall deposit the Rental True-Up Amount, as agreed under the Rental True-Up Agreement or as maybe mutually agreed by the parties thereto, within 20 business days from issuance of the true-up notice by the Target SPV.

Applicable taxes on the Rental True-Up Support shall be borne as mutually agreed under the Rental True-Up Agreement.

Termination

The Rental True-Up Agreement shall terminate upon the earlier of: (a) payment of the final quarter's support and all amounts due for the last quarter, (b) the aggregate support paid reaching the cap of ₹ 1,000 million, or (c) termination of the SPA.

III. Property Management Agreement

Candor India Office Parks Private Limited ("**Property Manager**") and the Target SPV have entered into the property management agreement dated November 4, 2025 ("**Property Management Agreement**") under which the Target SPV shall appoint the Property Manager to undertake the management of the Target Asset and the administration of the Target SPV's functions, in accordance with the terms of the Property Management Agreement.

The key terms of the Property Management Agreement are set out below:

Scope of services

H. Brief Overview of Regulatory Framework for REIT Valuation, acquisition from related parties and Institutional Placement

The following description is a summary of certain key regulations and policies under the REIT Regulations, which are applicable to the matters specified below. The regulations set out below are not exhaustive, and are only intended to provide general information to the Unitholders and are neither designed nor intended to substitute for professional legal advice. The information in this section is based on the current provisions of applicable law that are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions in India from time to time.

Valuation

- A full valuation of BIRET's assets is required to be conducted by the valuer at least once every financial year, this full valuation exercise shall be conducted at the end of every financial year ending March 31, and the valuation report shall be submitted to the Stock Exchanges along with the annual financial results. An updated valuation report incorporating any key changes during the previous half-year and such updated valuation report shall be submitted to the Stock Exchanges along with the quarterly financial results for the quarter ending September 30.
- In case of any material development that may have an impact on the valuation of the assets of BIRET, the Manager will require the valuer to undertake a full valuation of the property under consideration, within not more than 2 months from the date of such event, and disclose the same to the Stock Exchanges within 15 days of such valuation.
- The Manager is required to ensure that computation of NAV of BIRET is based on the valuation done by the valuer and is declared not later than 15 days from the date of valuation and submitted to the Stock Exchanges and such computation shall be done and declared not less than once every six months.

Acquisitions from Related Parties

- All related party transactions (including acquisitions from related parties) are required to be on an arms-length basis, in the best interest of the Unitholders, consistent with the strategy and investment objectives of BIRET and disclosed to the Stock Exchanges and Unitholders periodically in accordance with the listing agreement and the REIT Regulations.
- Two valuation reports from two different valuers, independent of each other, are required to be obtained for a purchase or sale of properties.
- Transactions for purchase are required to be at a price not higher than 110%, and transactions for sale are required to be at a price not lower than 90%, of the average of the two independent valuations.

- Unitholder approval is required if the proposed acquisition exceeds certain thresholds set out in the REIT Regulations.

Institutional Placement

- Pricing (frequently traded Units): Not less than average of the weekly high and low of closing price of Units during two weeks preceding the relevant date. A discount of not more than 5% may be offered to such average price subject to approval of unitholders.
- Pricing (infrequently traded Units): Price determined by the REIT shall take into account the NAV of the REIT based on a full valuation of all existing REIT assets conducted in terms of REIT Regulations.
- Relevant date: The date of the meeting in which the board of directors of the manager decides to open the QIP.
- Transfer restrictions: Units allotted through a QIP shall be sold only through a recognized stock exchange for up to a period of one year from date of allotment.
- Eligibility: Units can be allotted only to Qualified Institutional Buyers (“**QIB**”) as defined under the REIT Regulations.
- Allotment: The allotment of Units through the QIP shall be completed within a period of 365 days from the date of the Unitholders’ resolution or the receipt of all applicable regulatory, governmental or statutory body/agency, whichever is later.

I. Certain Other Information***Interest in the Proposed Transactions and Abstentions from Voting***

Valuation Date: 30 September 2025

A REPORT

1 Instructions

Brookfield India Real Estate Trust (hereinafter referred to as the “Instructing Party” or the “Client”), has appointed Ms. L. Anuradha, MRICS, registered as a valuer with the Insolvency and Bankruptcy Board of India (IBBI) for the asset class Land and Building under the provisions of the Companies (Registered Valuers and Valuation) Rules, 2017 (hereinafter referred to as the “Valuer”), in order to undertake the valuation of office property located in Bengaluru (hereinafter referred to as “Subject Property” and/or “Ecoworld”). The Subject Property is proposed to transfer from Arliga Ecoworld Infrastructure Private Limited to Arliga Ecoworld Business Parks Private Limited¹ the "resulting entity" or "entity" pursuant to the Scheme of Arrangement approved by NCLT, Bengaluru vide order dated October 29, 2025. The Subject property will be transferred to AEBBPL upon filing of NCLT order with RoC Bengaluru. The proposed acquisition of the property is as per the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchange. The Subject Property and interests valued as part of this valuation exercise are detailed in Part C of this report. The exercise has been carried out in accordance with the instructions (Caveats & Limitations) detailed in Annexure 10 of this report. The extent of professional liability towards the Client is also outlined within these instructions.

2 Professional Competency of The Valuer

Ms. L. Anuradha is registered as a valuer with the Insolvency and Bankruptcy Board of India (IBBI) for the asset classes of Land and Building under the provisions of The Companies (Registered Valuers and Valuation) Rules, 2017 since September 2022. Prior to this she has worked with PriceWaterhouseCoopers in the Government, Real estate, and Infrastructure Development Practice where she was involved in carrying out financial appraisal and strategies for some of the State Governments in India. Her foundation in real estate valuation was at Jones Lang LaSalle where she worked for 3 years on multiple valuations and entry strategies for Indian NBFCs and funds.

Her last employment was at C&WI. As an Associate Director of the Valuation and Advisory team at C&WI, Ms. L. Anuradha provided support on identified business/ new opportunities, evaluated proposals for new property investments and/ or dispositions while providing analytical support for Investment recommendations. L. Anuradha was also key personnel in carrying out the Market study for the Mindspace REIT micro markets in India. She has undertaken valuations exercises for multiple private equity/ real estate funds, financial institutions, developers, and corporates across asset classes of commercial, retail, residential and hospitality. Her clientele included HDFC, Xander, DLF, RMZ, Embassy Group, CapitaLand, Tata Capital, Tata Realty, TVS group etc.

3 Independence and Conflicts of Interest

The Valuer confirms that there are no conflicts of interest so far as discharging her duties as a valuer for the Subject Property/ business is concerned and has undertaken the valuation exercise without the presence of any bias, coercion, or undue influence of any party, whether directly connected to the valuation assignment. There has not been any professional association with the Client or the Subject Property in past five years from the date of this report.

The Valuer or any of her employees involved in valuing the assets of the REIT have not invested nor shall invest in securities of any of the Subject Property being valued till the time she is designated as Valuer and not less than six months after ceasing to be a Valuer of the REIT.

4 Purpose of Valuation

The Report is being prepared to be relied upon by the Reliant Parties and inclusion, as a whole or any extracts thereof, in any documents prepared in relation to proposed property(ies) acquisition by "REIT" (and such offering the "Acquisition of the 100% stake in SPV " including the transaction document required under regulations issued by the Securities and Exchange Board of India ("SEBI") or any other relevant regulator within or outside India, and in any other documents to be issued or filed in relation to the Acquisition, including any preliminary or final international offering documents for distribution to investors outside India, and any

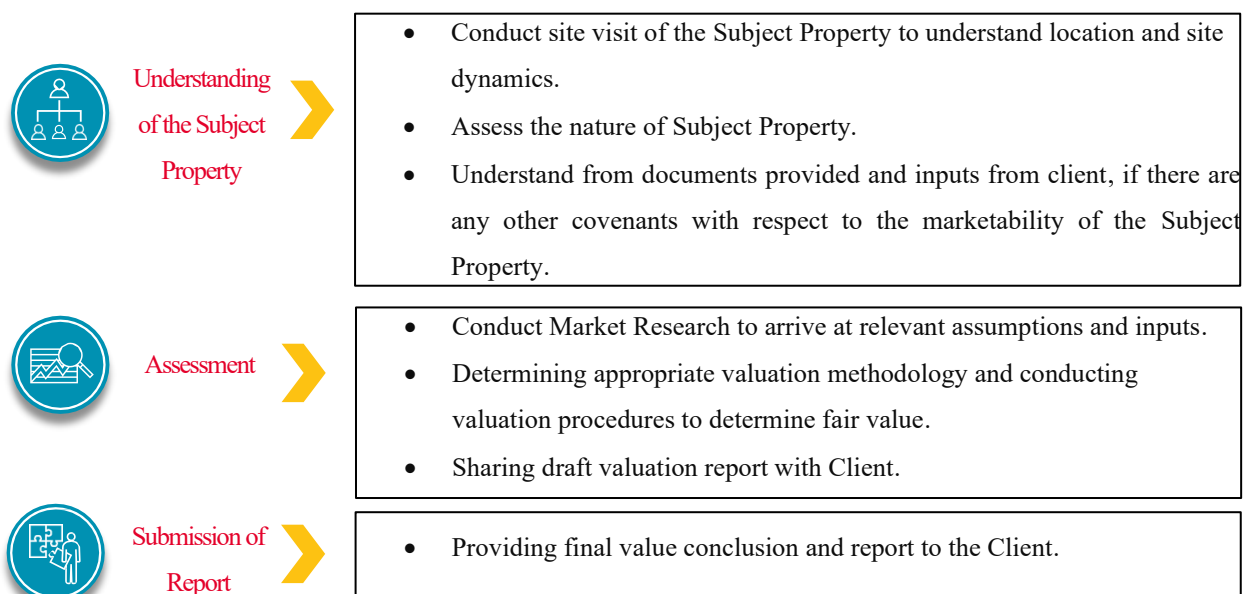

publicity material, research reports, presentations or press releases, in connection with the Acquisition (collectively, the "Documents")

5 Basis of Valuation

It is understood that the valuation is required by the Client of the Subject Property which is proposed to be acquired ("Proposed Acquisition") by Brookfield India REIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchange and for accounting purposes. Accordingly, the valuation exercise has been carried out to estimate the "Market Value" of the Subject Property in accordance with IVSC International Valuation Standards, as effective from 31st January 2025 and as applicable on the date of valuation.

Market Value" is defined as '*The estimated amount for which an asset or liability should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.*'

6 Valuation Approach & Methodology

The basis of valuation for the Subject Property being Market Value, the same has been derived by the following approach:

Discounted Cash Flow Method using Rental Reversion

The market practice in most commercial/ IT developments involves contracting tenants in the form of pre-commitments at sub-market rentals to increase attractiveness of the Subject Property to prospective tenants, typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rentals

for certain properties as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, we have considered the impact of such sub/ above market leases on the valuation of the Subject Property.

For the purpose of valuation of the Subject Property, Income Approach - Discounted Cash Flow Method using Rental Reversion has been adopted.

7 Assumptions, Departures and Reservations

This valuation report has been prepared on the basis of the assumptions within the instructions (Caveats & Limitations) detailed in Annexure 10 of this report. The development mix, built up area, land area and lease details such as lease rent, lease commencement and lease end date, lock – in period, escalation terms, etc. pertaining to the Subject Property is based on the appropriate relevant documents which has been provided by the Client and the same has been adopted for the purpose of this valuation.

8 Inspection

The Subject Property was inspected on 14th October 2025 by the Valuer. No measurement or building survey has been carried out as part of the valuation exercise. The Valuer has relied entirely on the site areas provided by the Client, which have been assumed to be correct. Based on the discussions with the client it has been assumed that no material change in the condition of the Subject Property has taken place.

9 General Comment

A valuation is a prediction of price, not a guarantee. By necessity it requires the valuer to make subjective judgments that, even if logical and appropriate, may differ from those made by a purchaser, or another valuer. Historically it has been considered that valuers may properly conclude within a range of possible values.

The purpose of the valuation does not alter the approach to the valuation.

Property values can change substantially, even over short periods of time, and thus the valuation of the Subject Property herein could differ significantly if the date of valuation was to change.

This report should not be relied upon for any other purpose other than for which this valuation exercise has been undertaken for.

10 Confidentiality

The contents of this Report are intended for the specific purpose stated. Consequently, and in accordance with current practice, no responsibility is accepted to any other party in respect of the whole or any part of its contents except as maybe required in connection with disclosure of valuation of assets, forming part of the portfolio of Brookfield India REIT under the applicable law.

11 Authority

The Client acknowledges and agrees that the Valuer's services hereunder (including, without limitation, the Deliverables itself and the contents thereof) are being provided solely to the Client in relation for the disclosure of valuation of assets proposed to be forming part of the portfolio of Brookfield India REIT under the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 [SEBI (REIT) Regulations], as amended, together with circulars, clarifications, guidelines and notifications thereunder by SEBI and also disclosure as per fair value accounting under Indian Accounting Standards (Ind AS 40) and disclosure in the Documents and in the valuation report, as may be required.

The Valuer consents to the usage of her name as an expert, in relation to the Report, in the Documents. If the Client desires to use the Deliverables or the Valuer's name in any other offering other than the Documents as contemplated under the LOE, then the Client shall obtain the Valuer's prior written approval for such usage. The Client shall indemnify the Valuer for any losses suffered by him due to such usage other than for the Acquisition as purpose as contemplated under the LOE. Additionally, the Client herewith consents to provide or cause to be provided, an indemnification agreement in her favor, reasonably satisfactory to him for any use of the Report other than for the purpose permitted under the LOE. It is however clarified that the indemnity shall not cover any losses resulting from the use of the Report for the purpose stated above including disclosure in the Documents and in the valuation report.

12 Reliant Parties

The reliance on the valuation reports prepared as part of this engagement is extended to **Brookprop Management Services Private Limited ("Brookprop" or "The Manager")**, the **Brookfield India Real Estate Trust ("Brookfield REIT")** and their unit holders and Axis Trustee Services Limited, the trustee to the **Brookfield REIT ("Trustee")** for the purpose as highlighted in this report (valuation). The auditors, debenture trustees, stock exchanges, unit holders of the REIT, **Securities and Exchange Board of India (SEBI)**, and credit rating agencies, would be extended reliance by the Valuer but would not be liable to such parties, except in case of gross negligence and wilful misconduct by the Valuer.

13 Limitation of Liability

The Valuer shall endeavor to provide services to the best of its ability and professional standards and in bonafide good faith. Subject to the terms and conditions in this Agreement, the Valuer's total aggregate liability to the Manager arising in connection with the performance or contemplated performance of the services herein, regardless of cause and/or theory of recovery, shall not exceed the total fees paid to Valuer by Client hereunder.

The Valuer acknowledges that it shall consent to be named as an 'expert' in the Offer Documents and that its liability to any person, in its capacity as an expert and for the Report, shall be without any limitation and in accordance with law. In the event that the Manager, the sponsors, the trustee, the REIT or other intermediaries appointed in connection with disclosure of valuation of assets forming part of the portfolio of Brookfield India REIT subject to any claim ("Claim Parties") in connection with, arising out of or attributable to the Report, the Claim Parties will be entitled to require the Valuer to be a necessary party/respondent to such claim and she

shall not object to her inclusion as a necessary party/ respondent. In all such cases, the Client agrees to reimburse/ refund to the Valuer, the actual cost (which shall include legal fees and external counsel's fee) incurred by her while becoming a necessary party/respondent. If the Valuer does not cooperate to be named as a party/respondent to such claims in providing adequate/successful defense in defending such claims, the Claim Parties jointly or severally will be entitled to initiate a separate claim against her in this regard.

14 Disclosure and Publication

The Valuer must not disclose the contents of this valuation report to a third party in any way, except as allowed under the Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars. As per the terms and regulation 2(1) of the Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars, it may be noted that the Valuation report is prepared in accordance with said REIT regulations.

15 Anti-Bribery & Anti-Corruption

Both Parties represents, warrants and undertakes that:

They are familiar with applicable Anti-Corruption Laws under the Agreement including but not limited to Prevention of Corruption Act 1988 and will ensure that neither it nor any of its officers, directors, shareholders, employees and agents or any other person acting under its implied or express authority will engage in any activity, practice or conduct which would constitute an offence under, or expose or potentially expose either Party to any direct or indirect liability, under Applicable Anti-Corruption Laws;

It is further agreed that breach of any of the above undertakings shall be deemed to be a material breach of the Agreement and in case the Valuer is insisted upon or asserted by Client to violate any of the above said undertakings including Anti-Corruption regulations in any form or manner, on pretext of business relationship or otherwise, the Valuer shall have a discretionary right to terminate the Agreement without any liability or obligation on her part.

Such termination of the Agreement shall not in any way prejudice the rights and obligations (including payment for the services delivered under the Agreement) already accrued to the Valuer, prior to such termination.

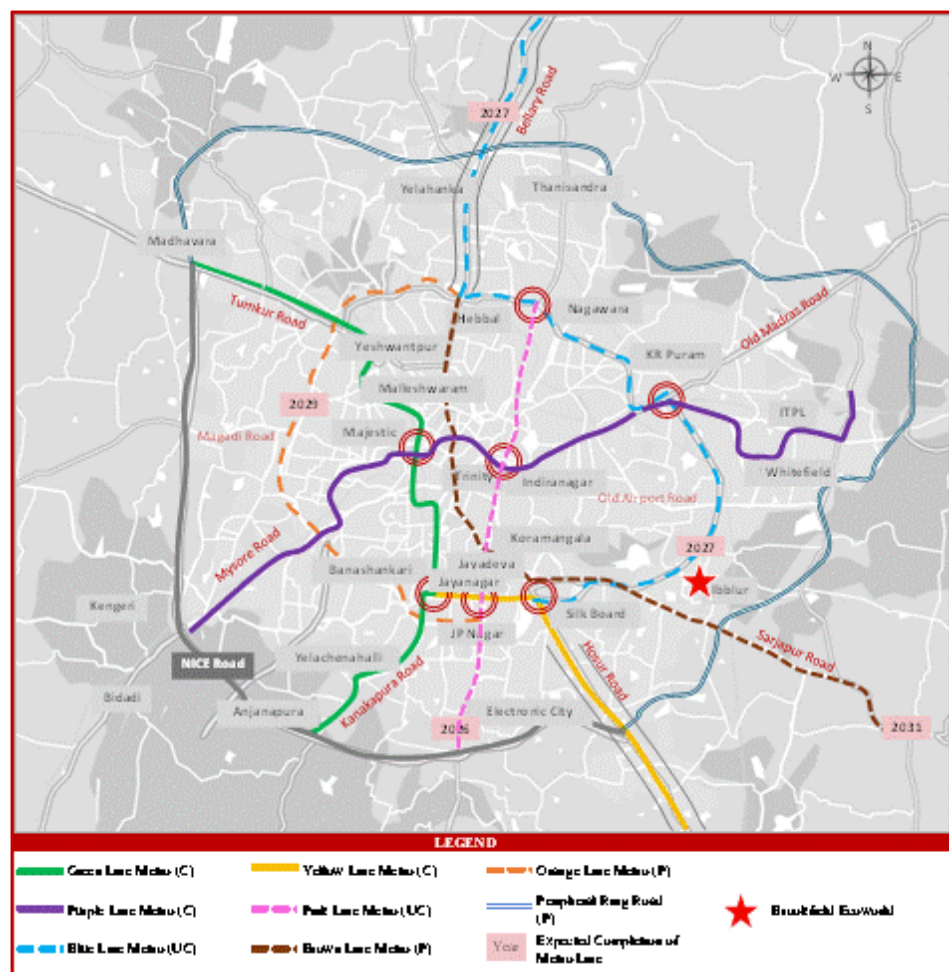

B Bengaluru Overview

For the purpose of the valuation exercise, reliance has been made on the market report prepared by Cushman and Wakefield India Private Limited (C&WI), who has been appointed by the Client as an independent consultant to carry out Industry and market report.

1 Bengaluru Overview

Bengaluru, the capital city of Karnataka, is popularly known as the Silicon Valley of India because of its robust IT sector, growing startups, and presence of numerous global technology firms. The city is also expanding its influence in biotechnology, aerospace, and research and development. Combining modern infrastructure with quality educational institutions, healthcare services, and a dynamic lifestyle, Bengaluru attracts professionals nationwide. Prominent real estate areas like Whitefield, Outer Ring Road, Electronic City, and North Bengaluru continue to experience high demand in both commercial and residential markets. With ongoing metro expansions and infrastructure improvements, Bengaluru remains a top choice for business, living, and investment opportunities.

The map below depicts the existing and upcoming physical infrastructure of the city.

2 Brookfield India REIT's City Market – Bengaluru

Based on the data provided in the title document, Ecoworld comprising of ~44.7 acres of freehold land comprising of campuses 1A, 2, 3A, 3B, 3C, 4AB, 4C, 5A, 5B, 6A, 6B, 7, 8A, 8B and ~3.4 acres of leasehold land comprising of campus EW4D is considered for the purpose of the valuation. Grade-A asset located in Outer Ring Road of Bengaluru, with well-planned infrastructure, proximity to commercial and residential areas and established social infrastructure.

2.1 Overview

Bengaluru is the capital of the State of Karnataka, India and is located in the southeast of the state. Bengaluru region is spread over a total area of over 709 sq. km. (conurbation area) with a population estimated of around 13.61 Mn as of 2023.

The city, known as Silicon Valley of India, has emerged as a favorite IT/ITeS destination. It is the largest office market of India, contributing to 25-30% of the overall India stock. Bengaluru stands as a pioneering force in attracting and accommodating technology giants such as Microsoft, Yahoo, International Business Machines (IBM), General Electric (GE), Google, Accenture, Texas Instruments, Qualcomm, Intel, etc. These GCCs play a pivotal role in delivering strategic functions including software development, data analytics, artificial intelligence, cybersecurity, and business process management. The Global Capability Centers (GCCs) began gaining traction in Bengaluru as early as the mid-1980s, when Texas Instruments established the first GCC center. Since then, the city has witnessed a steady influx of GCCs, with significant acceleration from the mid-2000s onward. India hosts 55% of the world's Global Capability Centers (GCCs), with Bengaluru accounting for 42% of these, making it the largest concentration of GCCs in the country. GCC leasing in Bengaluru stood at ~12 msf during the year 2024 accounting for ~48% of the overall GCC leasing in India. The city's ability to attract such corporations underscores its significance as a dynamic hub for technological innovation and business advancement.

The growth and prominence have propelled Bengaluru into a remarkable position in the global technological landscape, further cementing its reputation as an incubator of cutting-edge enterprises. Apart from successfully attracting IT/ITeS companies, Bengaluru is a Biotech destination as well. Bengaluru houses some of the most prominent biotechnology research institutions of India like Indian Institute of Science and National Centre for Biological Resources. Industries related to manufacturing aircraft, earthmoving equipment, watches, garments, silk, machine tools amongst others also have presence in Bengaluru.

The city has the presence of prominent educational institutions like Indian Institute of Management (IIM), International Institute of Information Technology (IIIT), National Law School, and several engineering/medical colleges which makes availability of skilled talent pool easy for the corporations.

Real Estate Overview

Office: Bengaluru's key office developments are concentrated across the Competitive REIT micro market i.e. the stretch constituting Sarjapur to Hebbal and Hebbal to Yelahanka (Bellary Road), Peripheral East, Peripheral North and Peripheral South. Competitive REIT micro market and Peripheral East are established IT/ITeS corridors, while Peripheral North is emerging rapidly, fueled by infrastructure and proximity to the airport. Major office parks developed by Brookfield, Prestige Group, Embassy Office Parks REIT, RMZ Corp, Bagmane Developers, Brigade

Group, Salarpuria Sattva Group and Divyasree are prominent across these clusters. Bengaluru's office market is characterized by Grade A office spaces with large floor plates and built-to-suit campuses, attracting global corporations and GCCs.

The map describing the Office Clusters in Bengaluru is given below:

★ *Subject Property*

Note: The office micro markets in Bengaluru include Central Business District (CBD), Competitive REIT micro market, Peripheral East (PE), Peripheral North (PN), Peripheral South (PS), Suburban East (SE), Suburban North-West (SNW) & Suburban South (SS).

A description of the above-mentioned office clusters is as follows:

- **Central Bengaluru (CBD/Off CBD):** MG Road, Lavelle Road, Infantry Road, Vittal Mallya Road, Palace Road, Residency Road, Millers Road, Richmond Road, Queens Road, Cunningham Road, Ulsoor Road, Kasturba Road, Victoria Road, Brigade Road, Murphy Road – this is the historic and legacy business district of Bengaluru. The CBD offers excellent civic infrastructure, top-end hospitality and proximity to government institutions. Office space is limited and expensive due to less availability of developments with large floor plates and limited availability of land for development. Suitable for law firms, financial institutions, and boutique corporates.
- **Competitive REIT Micro Market:** The micro market comprises of locations such as Marathahalli, Bellandur, Sarjapur Road, K R Puram, Nagavara, Hebbal, Yelahanka, etc. The same has been considered to arrive at demand for the micro market. The Sarjapur to Hebbal stretch (Bellandur, Marathahalli,

Nagavara, etc.) of the micro market is the most active IT/ITeS corridor in Bengaluru with large IT parks such as Brookfield Ecoworld (subject property), Brookfield Ecospace, Embassy TechVillage, Prestige Tech Park, Embassy Manyata Business Park, Karle Town Centre, etc. These IT parks offer large floor plates and amenities that cater to occupiers' needs, making it the preferred location for global companies seeking expansion, consolidation or new space take ups. The Bellary Road (Hebbal to Yelahanka) stretch of the micro market is rapidly emerging as a natural extension to Sarjapur and Hebbal driven by increasing occupiers demand and supported by its connectivity to Kempegowda International Airport. Prominent office developments along this stretch include Brookfield Azure, Brigade Magnum, Phoenix Asia Towers, L&T Business Park, etc. Infrastructure improvements like the Airport Metro Line and Peripheral Ring Road are expected to further improve this corridor's prominence. The micro market as a whole provides a good live-work-play ecosystem with retail and residential proximity.

- **Peripheral East:** The micro market includes locations such as Whitefield, Brookefield, Doddanekundi, Hoodi, ITPL Main Road, Mahadevapura and regions around the EPIP (Export Promotion Industrial Park) Zone. Peripheral East is amongst the oldest IT hubs in Bengaluru and continues to host large occupiers and is home to several GCCs. Prominent office developments include ITPB (International Tech Park Bengaluru), Brigade Tech Gardens, Prestige Shantiniketan, Brookfield Centennial, Brookfield NXT, etc. While Peripheral East historically faced connectivity challenges, the recent extension of the Purple Line Metro has significantly enhanced its accessibility to the rest of the city. With improved connectivity and established infrastructure, Peripheral East has evolved into a prominent mixed-use corridor, comprising of Grade A office spaces, residential developments, and a robust social and retail ecosystem.
- **Peripheral North:** Thanisandra Road and developments beyond Yelahanka - this region is rapidly emerging as an office and residential corridor due to proximity to Kempegowda International Airport. It includes developments like Bhartiya Centre of Information Technology (BCIT), Prestige Tech Cloud, Embassy Business Hub, etc. Infrastructure improvements like the Airport Metro Line and Peripheral Ring Road will further enhance this corridor's prominence. The micro market attracts IT, aerospace, and R&D sectors.
- **Peripheral South:** Electronic City, Hosur Road, Mysore Road, Kanakapura Road - Electronic City is one of the oldest IT corridors, home to Infosys, Wipro, and HCL campuses. Despite some infrastructure challenges, the elevated expressway and upcoming metro extension are improving connectivity. Mysore Road and Kanakapura Road are evolving into mixed-use corridors with increasing residential and industrial activity.
- **Suburban East:** Indira Nagar, Old Airport Road, C V Raman Nagar - These areas are popular among startups, co-working spaces, and small to mid-sized tech firms. They offer excellent access to residential catchments and lifestyle infrastructure. Indiranagar, in particular, is known for its high-street retail and F&B scene, while CV Raman Nagar hosts Bagmane Tech Park, a major office landmark. The Old Airport Road stretch is home to prominent office developments such as Embassy Golf Links (EGL) & Divyasree Techno Park.

- **Suburban North-West:** Rajajinagar, Malleshwaram - traditionally residential, these areas are witnessing office interest due to metro access and saturation in core markets. Limited Grade A office stock is available in this micro-market with presence of high streets and mixed-use developments. Brigade Gateway is a prominent integrated development with office-retail-hospitality offering.
- **Suburban South:** Koramangala, Bannerghatta Road, Jayanagar - Koramangala is one of Bengaluru's most vibrant mixed-use hubs, favored by startups and new-age companies. Bannerghatta Road and Jayanagar are more residential, however host a few office developments. This micro-market benefits from proximity to premium education, healthcare, and high streets, making it attractive for office and co-working operators.

Retail: Bengaluru's retail landscape constitutes a mix of mall developments and high-street formats. Prominent malls include Phoenix Mall of Asia (Yelahanka), Phoenix Marketcity (Whitefield), Nexus Mall (Koramangala), Garuda Mall (MG Road), Orion Mall (Rajajinagar), etc. Prominent high streets in the city include Indiranagar, Jayanagar, Koramangala, Brigade Road, Commercial Street, etc. Further the city is witnessing new retail mall supply across fast-developing corridors such as Sarjapur Road (Forum Mall at Prestige City), Yelahanka (Forum 13 Degree North), etc., supported by growing residential density and infrastructure developments.

Residential: Bengaluru's core residential clusters include Sarjapur Road, Whitefield, Stretch from Hebbal to Yelahanka, Kanakapura Road, JP Nagar, Jayanagar, Koramangala, etc. These locations are well-established and continue to witness sustained residential demand. Stretch from Hebbal to Yelahanka and Sarjapur Road are active residential corridors, primarily due to their proximity to key office hubs and ongoing infrastructure enhancements. Peripheral areas such as Devanahalli, Hoskote, and Anekal are evolving as upcoming residential destinations. These areas offer relatively affordable pricing and benefit from various infrastructure initiatives, including the Satellite Town Ring Road – STRR (Phase 1 from Dabaspet to Hoskote is operational and Phase 2 is at various stages of construction) and Peripheral Ring Road – PRR (Proposed).

The key drivers of demand for office space in Bengaluru are as follows:

- **Information Technology (IT) and ITes sector growth:** Bengaluru which is referred as India's IT capital hosts a significant portion of the country's IT and technology firms such as Microsoft, Yahoo, Wipro, Infosys, International Business Machines (IBM), General Electric (GE), Google, Accenture, etc. The expansion and establishment of these companies drive demand for office spaces in the city.
- **Startup Ecosystem:** Bengaluru has a vibrant startup ecosystem, with numerous new ventures emerging regularly. These startups require office space for their operations, contributing to the overall demand.
- **Globalization:** Many multinational corporations outsource their operations to Bengaluru due to its skilled workforce and cost-effectiveness. This globalization trend increases the demand for office space, particularly in tech parks and business districts.
- **Biotechnology Centers:** Bengaluru is a hub for biotechnology centers and houses some of the most prominent biotechnology research institutions of India such as Indian Institute of Science and National Centre for Biological Resources.
- **Infrastructure and Connectivity:** Infrastructure projects such as metro rail expansion (~74 kms of operational network and ~102 kms under construction), road projects, and improved connectivity enhance the attractiveness of Bengaluru as a business destination. Improved infrastructure encourages businesses to

set up operations, leading to increased demand for office space. Further, the availability of impeccable social infrastructure such as educational institutions and colleges, malls, hospitals, and hotels make it an attractive destination for both the corporations and workforce.

2. The net absorption value refers to the net additional leasing activity which has occurred in the year. This does not include any pre-commitments, renewals etc. The pre-commitments are recorded as absorption in the year in which the tenant moves in.

The micro markets in Bengaluru have developed distinct identities over the years, shaped by a mix of campus-style IT parks, integrated business districts, and strata as well as non-strata office developments. Key developers such as Brookfield, Embassy Office Parks REIT, Prestige, RMZ, Bagmane, and Divyasree have created large-scale business ecosystems in prime micro markets, resulting in a strong preference among occupiers for amenity-rich spaces. The demand has increasingly leaned towards high-quality developments with robust infrastructure, wellness features, and efficient floor plates.

Major infrastructure upgrades like Metro Phase 2, Peripheral Ring Road (PRR), and Suburban Rail underway, have enhanced the connectivity for IT corridors such as North Bengaluru, Sarjapur Road, and Outer Ring Road. Bengaluru's office market has shown strong supply and demand fundamentals. As of 9M CY 2025, net absorption stood at ~9.3 msf, with a city-wide vacancy of ~9.2%. Continued growth in GCCs, Technology, Consulting, and BFSI sectors that dominate Bengaluru's office leasing are expected to drive consistent demand. The city continues to benefit from being India's largest tech talent hub, attracting multinational occupiers across verticals.

Vacancy in the city has been at sub 10% levels at 9.6% as of 2024 and 9.2% as of 9M CY 2025. Projects like Prestige Tech Park, Embassy Manyata Business Park, Brookfield Ecoworld and Brookfield Ecospace have consistently demonstrated high tenant stickiness and pre-commitment levels for new phases.

2.4 Rental Trend Analysis

The rental trend for Bengaluru is as follows:

Bengaluru - Quoted Rental Trend

Source: Cushman and Wakefield Research

Notes:

1. The rentals shown above denote likely achievable values. Actual achievable rent may vary +/- 10% depending upon negotiations, final structuring of the lease agreement and other parameters.

Bengaluru witnessed a compounded annual rental growth of approximately 4.4% between CY 2015 and 9M CY 2025, with quoted rentals rising from INR 67 psf/month in 2015 to INR 102 psf/month in 9M CY 2025, driven by sustained demand from technology occupiers and GCCs across key office corridors.

Over the past 1–2 years, select Grade A assets in established micro markets such as Competitive REIT, Suburban East, etc. are currently quoting 15–25% higher rents than the micro market averages, supported by premium design, ESG certifications, and strong demand from MNC occupiers.

Micro markets such as CBD followed by Suburban East and the Bellandur–Sarjapur stretch of Competitive REIT micro market continue to command the highest average rental values in Bengaluru.

Overall, Bengaluru's office market remains well-positioned for stable-to-moderate rental appreciation, particularly in Grade A developments in Competitive REIT micro market, North Bengaluru and Suburban East as global demand for integrated workspaces continues to rise.

2.5 Sectoral Demand Analysis – Bengaluru (2015 – 9M CY 2025)

Source: Cushman and Wakefield Research

Notes:

1. Others includes Automobile, Education, FMCG, Logistics & Shipping, Aviation, Diversified, Real Estate & Related Services, etc.
2. The sectoral absorption analysis is based on gross absorption activity of Bengaluru's relevant stock i.e., including any relocations, consolidations etc. All pre-commitments & sale/purchase transactions are excluded from this analysis.

Bengaluru's office supply is predominantly driven by large office parks, catering to a diverse occupier base. The Technology sector remains the largest contributor to office space demand, accounting for ~34% of total leasing activity. This is reflective of Bengaluru's global reputation as India's tech capital and a preferred destination for GCCs, IT service firms, and product companies.

The Engineering & Manufacturing sector is the third-largest occupier segment at 14%, largely driven by automotive R&D, aerospace, and industrial technology firms.

The BFSI sector contributes around 6%, with both global financial institutions and Indian banking majors having a presence in key office parks.

Professional Services (5%), Healthcare & Pharmaceuticals (3%), and E-commerce (3%) represent emerging, however stable contributors to demand, particularly in Central and East Bengaluru locations. Media & Telecom forms a smaller share at 2%, while the 'Others' category at 32% comprises of start-ups, co-working operators, consulting firms, and education technology players.

In recent years, flex workspace adoption has grown rapidly, supported by Bengaluru's vibrant startup ecosystem and hybrid working preferences. Global players such as WeWork, Awfis, and Smartworks have expanded aggressively, increasing the share of flex operators in overall absorption.

3 Competitive REIT Micro Market

3.1 Overview

The Competitive REIT micro market comprises of the stretch from Sarjapur to Hebbal and Hebbal to Yelahanka (Bellary Road). It includes locations such as Marathahalli, Kadubeesanahalli, Bellandur, Sarjapur Road, K R Puram, Nagavara, Hebbal, Sahakar Nagar and Yelahanka. The micro market represents one of the most prominent office destinations in Bengaluru that accommodates a significant share (~47% i.e. ~ 99.6 million sq. ft. as of CY 9M 2025) of the city's Grade-A office stock, catering to a wide spectrum of occupiers.

Anchored by large-scale office parks, the micro-market is a preferred destination for IT/ITeS, BFSI, Engineering, and Global Capability Centers (GCCs). The Sarjapur to Hebbal stretch has been witnessing high absorption levels owing to its mature office ecosystem. It benefits from the superior road connectivity and robust social infrastructure. As a result, this stretch has experienced steady leasing activity and notable rental appreciation. With core locations along this stretch such as Marathahalli, Kadubeesanahalli, Bellandur, KR Puram, and Nagavara nearing saturation, demand is gradually shifting northward. This has elevated the office profile of Bellary Road, with spillover activity now reaching Yelahanka and surrounding areas. The added advantage of Bellary Road is its connectivity to Kempegowda International Airport.

Consequently, Bellary Road is emerging as a natural extension of the micro market's office growth. Companies such as IBM Technologies, Philips, and Kyndryl have recently expanded their footprint in this corridor. It is increasingly witnessing a good quantum of residential activity as well. The typology of residential developments includes apartments, row-houses, villas, and plotted developments. Locations such as Hebbal, Amrutahalli and Sahakar Nagar are established residential corridors of the micro market comprising of independent houses and apartments.

Some of the prominent residential projects across the micro market include Embassy Lake Terraces, L&T Raintree Boulevard, Lodha Mirabelle, Century Ethos, L&T Elara, Sobha Iris, Soul Space Arista, Alpine Eco, Vajram Esteva, Sterling Ascentia, The Central Regency Address, Prestige Silver Crest, Vaswani Reserve, Sobha Royal Pavilion, etc.

Some of the prominent large office parks present in the micro market are Brookfield Ecoworld (subject property), Brookfield Ecospace, Bagmane Constellation, Bagmane World Technology Centre, Embassy Manyata Business Park, , etc. Some of the prominent standalone office developments are Brigade Magnum, Brigade Opus, Brookfield Azure, Mantri Commercio, Sattva Aura, etc.

The micro-market has a strong presence of social infrastructure, with several well-known educational institutions, healthcare facilities and retail developments. Notable institutions include New Horizon College of Engineering, New Horizon Gurukul, and Lowry Educational Institutions, along with hospitals such as Sakra World Hospital, Manipal Hospital, Brookefield Hospital, Aayug Multi Specialty Hospital, and VIMS Super Specialty Hospital. Prominent retail malls in the subject micro market include Esteem Mall (0.1 msf.) in Hebbal, Phoenix Mall of Asia (1.2 msf.) in Yelahanka, etc. Some of the standalone retail stores include, Croma, More Hypermarket, Westside, Hometown, Ironhills, Yokohama Club Network, BlueStone, etc.

The area also has a growing hospitality ecosystem, with multiple existing and upcoming hotel developments. Established hotels like Hilton & Hilton Garden Inn at Embassy Manyata Business Park, Radisson Blu, Novotel, Ibis, Aloft, Courtyard by Marriott, Fairfield by Marriott, and DoubleTree by Hilton cater to the needs of corporates and multinational companies in the locality. Some of the upcoming Hotels include Hilton & Hilton Garden Inn at Embassy TechVillage, St. Regis and Marriott Courtyard.

The tenant profile in this micro-market is dominated by Fortune 500 companies and a mix of global and domestic firms from sectors such as IT/ITeS, E-commerce, and BFSI. Major occupiers include Google, Microsoft, NVIDIA, Oracle, Goldman Sachs, KPMG, BCG, Wells Fargo, Morgan Stanley, Allstate, Danske, Standard Chartered, Target, Commonwealth Bank, and IBM, among others.

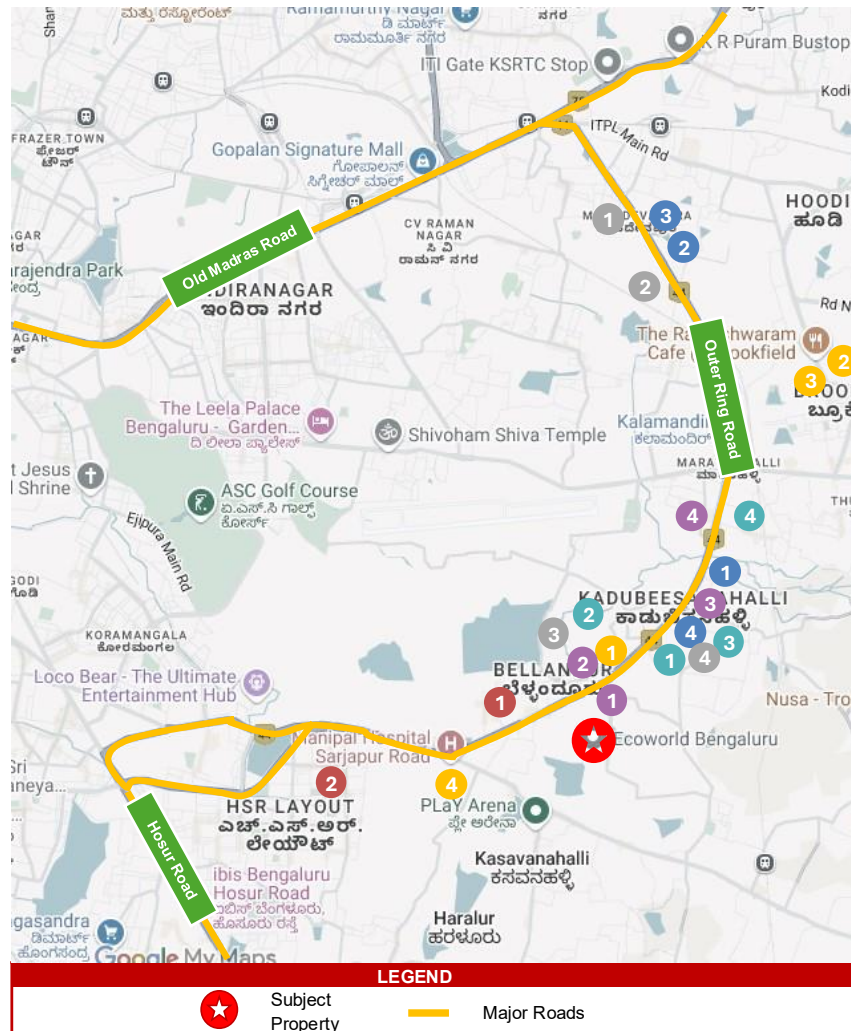

Consistently strong demand from these occupiers has attracted prominent office developers like Embassy, Bagmane, and Salarpuria Sattva, as well as global investors such as Blackstone, Brookfield, and Mapletree. The micro-market is expected to see an additional office supply of approximately 18.3 million sq. ft. over the next 2–3 years majorly through these players. This reflects their continued confidence in the market's growth potential and long-term viability.

Planned metro connectivity, the Peripheral Ring Road (PRR), and ongoing infrastructure upgrades are expected to significantly enhance accessibility across the corridor, further reinforcing the positioning of the micro market as a future-ready office destination.

3.2 Competitive REIT Micro Market – Subset

Given the scale of the subject property, developments within the micro market with a leasable area exceeding 1 million sq. ft. have been considered as a representative subset for our analysis. Some of the developments include Bagmane Constellation, Bagmane World Technology Centre, Embassy Manyata Business Park, Brookfield Ecoworld (subject property), Brookfield Ecospace, etc.

3.3 Social and Physical Infrastructure

3.4 Supply, Absorption & Vacancy Analysis

Source: Cushman and Wakefield Research

Notes:

1. Future supply estimates are based on analysis of proposed and under construction buildings, however future absorption estimates are derived basis past trends, current vacancy and estimated supply.
2. The net absorption value refers to the net additional leasing activity which has occurred in the year. This does not include any pre-commitments, renewals etc. The pre-commitments are recorded as absorption in the year in which the tenant moves in.

This subset predominantly constituting large office parks has witnessed vacancy levels in single digits. With large base (current office stock) of approx 85.2 msf (~86% of the Competitive REIT micro market office stock) maintaining such vacancy levels demonstrates acceptance of the micromarket and the product by the occupiers.

The expected above average supply in the micro market for the said subset is likely to follow the historical trend with increased demand from IT, GCCs and Engineering companies.

Some of the established players include Brookfield, Bagmane, Prestige and Embassy Office Parks REIT, etc.

3.5 Rental Trend Analysis

Source: Cushman and Wakefield Research

Notes:

1. The quoted rentals of the Competitive REIT Micro Market (> 1 msf) shown above denote likely achievable values. Actual achievable rent may vary +/- 10% depending upon negotiations, final structuring of the lease agreement and other parameters.
2. Rentals presented above are weighted average values on completed stock.

The rental CAGR achieved by the subject subset over various time periods reflects a healthy supply-demand equilibrium in the micro-market. The consistent absorption of new supply, along with demand outpacing supply in the previous year (2024), has sustained vacancy levels in the single digits. This balanced market dynamic has translated into a robust rental growth trajectory—recording a CAGR of 7.5% during the pre-pandemic period (CY 2015–2019), 5.2% over the longer horizon (CY 2015–9M CY 2025), and 4.7% from CY 2021 to 9M CY 2025.

3.6 Sector Demand Analysis (CY 2015 – 9M CY 2025)

Source: Cushman and Wakefield Research

Notes:

1. Others include Automobile, Education, FMCG, Logistics & Shipping, Aviation, Diversified, Real Estate & Related Services, etc.
2. The sectoral absorption analysis is based on gross absorption activity of Competitive REIT (>1 msf)'s relevant stock i.e., including any relocations, consolidations etc. All pre-committments & sale/ purchase transactions are excluded from this analysis.

The Competitive REIT (>1 msf) depicts a diverse tenant profile, with the 'Other' segment (comprising industries such as Automobile, Education, FMCG, Logistics & Shipping, etc.) leading the way. This segment accounts for approximately 34% of the total leasing activity, reflecting the area's appeal to a wide range of non-IT occupiers.

Technology has a notable presence, contributing 33% to the leasing volumes. This is followed by Engineering & Manufacturing contributing 9% and BFSI (Banking, Financial Services, and Insurance) sector accounting for 9%.

4 Market Outlook

The micro-market has a strong presence of social infrastructure, with several well-known educational institutions, healthcare facilities and retail developments. Notable institutions include New Horizon College of Engineering, New Horizon Gurukul, and Lowry Educational Institutions, along with hospitals such as Sakra World Hospital, Manipal Hospital, Brookfield Hospital, Aayug Multi Speciality Hospital, and VIMS Super Specialty Hospital. Prominent retail malls in the subject micro market include Esteem Mall (0.1 msf.) in Hebbal, Phoenix Mall of Asia (1.2 msf.) in Yelahanka, etc. Some of the standalone retail stores include, Croma, More Hypermarket, Westside, Hometown, Ironhills, Yokohama Club Network, BlueStone, etc.

The area also has a growing hospitality ecosystem, with multiple existing and upcoming hotel developments. Established hotels like Hilton & Hilton Garden Inn at Embassy Manyata Business Park, Radisson Blu, Novotel, Ibis, Aloft, Courtyard by Marriott, Fairfield by Marriott, and DoubleTree by Hilton cater to the needs of corporates and multinational companies in the locality. Some of the upcoming Hotels include Hilton & Hilton Garden Inn at Embassy TechVillage, St. Regis and Marriott Courtyard.

The tenant profile in this micro-market is dominated by Fortune 500 companies and a mix of global and domestic firms from sectors such as IT/ITeS, E-commerce, and BFSI. Major occupiers include Google, Microsoft, NVIDIA, Oracle, Goldman Sachs, KPMG, BCG, Wells Fargo, Morgan Stanley, Allstate, Danske, Standard Chartered, Target, Commonwealth Bank, and IBM, among others.

Consistently strong demand from these occupiers has attracted prominent office developers like Embassy, Brookfield, Bagmane, and Salarpuria Sattva, as well as global investors such as Blackstone and Mapletree. The micro-market is expected to see an additional office supply of approximately 18.3 million sq. ft. over the next 2–3 years majorly through these players. This reflects their continued confidence in the market's growth potential and long-term viability.

Planned metro connectivity, the Peripheral Ring Road (PRR), and ongoing infrastructure upgrades are expected to significantly enhance accessibility across the corridor, further reinforcing the positioning of the micro market as a future-ready office destination.

2 Location

2.1 General

The commercial tech park named “Ecoworld” is situated along the Outer Ring Road (ORR) in the Bellandur–Marathahalli region of Bengaluru and forms part of the Competitive REIT micro-market. This micro-market is regarded as one of the most sought-after office destinations in the city due to its high concentration of SEZ and non-SEZ IT parks, corporate offices, and proximity to established residential areas such as HSR Layout, Sarjapur Road, BTM Layout, and Koramangala. Its accessibility to major transportation hubs and entertainment centres further enhances its appeal for both businesses and professionals.

The immediate vicinity is well-supported by robust social infrastructure, including reputed educational institutions such as New Horizon College of Engineering and Orchids The International School; hospitality developments such as Courtyard by Marriott, Fairfield by Marriott, Ibis, Novotel, Aloft Hotel, and DoubleTree; as well as prominent healthcare facilities including SAKRA and Manipal Hospitals, among others.

The locality enjoys excellent connectivity to other parts of the city via the ORR, and the ongoing metro construction is expected to further enhance connectivity and ease traffic congestion. The nearest upcoming metro station to Subject Property is Bellandur Station, which forms part of the Blue Line of Namma Metro and is expected to become operational by December 2027.

4 Valuation Approach & Methodology

4.1 Asset-specific Review:

Since the real estate industry is dynamic and is influenced by various factors (such as existing supply, demand for spaces, quality of spaces available in the market, overall health of the economy, existing rentals, future growth plans, etc.) at a particular point in time, negotiated rents may tend to move away from the prevalent market rents over a period of time. It has also been witnessed that the market rents for some properties or submarkets increase or decrease at a rate significantly different from those agreed to in initial leases. These factors reinforce the need to review each of these leases in isolation to assess the intrinsic value of the Subject Property under review.

As the first step to the valuation of the asset, the rent roll and lease deeds were reviewed to identify tenancy characteristics for the asset.

Property Documents and architect certificates as mentioned in earlier sections of the report were reviewed for validation of area details, ownership interests of the Subject Property.

Physical site inspections were undertaken to assess the current status of the Subject Property.

4.2 Micro-market Review:

For the purpose of the valuation exercise, reliance has been placed on the market report prepared by Cushman and Wakefield (C&WI), who has been appointed by the Client as an independent consultant to carry out industry and market research. Accordingly, the review was carried out in the following manner –

An assessment of the site and surroundings has been undertaken with respect to the prevailing activities, market dynamics impacting the values and the current use of the respective properties vis-à-vis its locational context, etc. Analysis of the micro-market was undertaken primarily based on the findings of the industry/ market report prepared by C&WI and readily available information in public domain to ascertain the transaction activity of commercial/ IT office space. The analysis entailed review of comparable assets in terms of potential competition (both completed and under-construction/ planned assets), comparable recent lease transactions witnessed in the micro-market along with the historical leasing and re-leasing history within the asset over the last 2-3 years, if available. This was undertaken to assess the market rent (applicable rental for the micro-market where the asset is located) and achievable market rent (Valuer's view on achievable rent for the Subject Property for leasing vacant spaces as well as upon releasing).

4.3 Cash Flow Projections:

1. The Subject Property is a completed building. The cash flows have been projected as mentioned below to arrive at the value estimate.
2. Net operating income (NOI) has primarily been used to arrive at the value of the Subject Property. The below steps were undertaken to arrive at the value. The projected future cash flows from the Subject Property are based on existing lease terms. These cash flows have been projected for a duration of 10-years from the date of valuation and for 11th year (for assessment of terminal value based on NOI). These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate. Principally, the following steps have been undertaken to assess the rent over a 10-year time horizon:

Step 1: Projecting the rental income as per the existing lease terms for a cashflow period of 10 years.

Step 2: Generating a market led rental income stream for identified tenancies for the time period similar to the cash flows drawn in the aforementioned step.

Step 3: Computing the monthly rental income projected as part of Step 1 & 2 and translating the same to a quarterly income (for the next 10 years and NOI of the 11th year – considered for calculation of terminal value).

3. Recurring operational expenses, and vacancy provision have been adopted in-line with prevalent market dynamics. In addition, appropriate rent-free periods have been adopted during lease roll-overs to consider potential rent-free terms as well as outflows towards brokerage. For the Subject Property, operational revenues and expenses of the respective assets are reviewed to understand the recurring, non-recurring, recoverable and non-recoverable expenses and accordingly estimate the margins on the common area maintenance income which accrues as cash inflows to the Subject Property.
4. The net income on quarterly basis has been projected over the next 10 years and the one year forward NOI (for 11th year) as of end of year 10 has been capitalized to assess the terminal value of the development. The quarterly net cash flows over the next 10 years along with the terminal value estimated at the end of year 10 have been discounted at a suitable discount rate to arrive at the net present value of the cash flows accruing to the Subject Property through this approach.
5. For the leasehold land we have incorporated the rent to paid as per the agreement provided by client. Same has been deducted to arrive at the net operating income (NOI).

4.4 Information Sources:

Subject Property related information relied upon for the valuation exercise has been provided to the Valuer by the Client and the market data has been provided by C&WI, unless otherwise mentioned. The documents provided have been assumed to be a true copy of the original. The rent rolls have been cross checked with the lease deeds on a sample basis only to ensure its correctness.

5 Assumptions considered in Valuation (DCF Method)

The following assumptions have been made to arrive at the market value of the Subject Property as on 30th September 2025:

Note: Further Leasing and Estimated Leasing Period relate to the existing Vacant Area.

*Committed Occupancy = (Occupied area + Completed area under Letters of Intent)/ Completed Leasable area.

- **Rent-free period:** In accordance with market benchmarks for Grade A properties, rent-free period of one month has been considered for existing lease rollovers and four months for new leases.
- **Future absorption:**
 - Over 2022 – 9M CY 2025E, the Competitive micro market has witnessed an average annual net absorption of approximately 5.7 msf.
 - Going forward, the micro market is expected to have an average annual demand of approximately 8.0 msf per annum till 2027E.
 - Considering the above, it would be reasonable to believe that the Subject Property shall be able to lease up the vacant area of 239,183 in the next 1 quarter, after incorporating a 2.50 % stabilised vacancy basis historical occupancy levels witnessed in the park...

- **Market rent growth rate:** Considering the absorption and future supply profile in the Competitive REIT micro-market, we expect annual growth in achievable market rentals to be in the range of 5-6% in the medium to long term.

Considering the well-maintained infrastructure, key location, improved connectivity, increasing trend in return to office, etc., the demand for office leasing is expected to be robust. However, as the same is likely

to take some time to translate into demand for office space hence, we have considered an annual rental growth rate of 5.0% from FY'27 onwards.

- **Other income:** We have been provided with other income for Visitor Car Park, Signage, ATM, Telecom Tower, Kiosk, Event, Vending Machine, service connection and other charges and miscellaneous income. We have considered an annual growth of 5% on other income.
- **O&M Mark-up:** O&M revenues and expenses were shared by the client. O&M Mark-up constitutes two components, namely, O&M Mark-up including base expense and Property Manager Income . We have considered the 20% Mark up on the Property Manager Income and base expense.
- **Property Manager :** The Property Manager income is calculated as 6% of the total rental income, parking income, and fit-out revenue. The total Property Manager expense for the period between 1st Jan 2026 – 31st Dec 2026 for Ecoworld is considered to be INR 292 Million as per information provided by Client and escalated at 8% annually for subsequent years basis growth of administrative income. For the purpose of valuation, as per the understanding given to us by the client, we understand that Ecoworld will be entitled to receive Property Manager income and the corresponding cost. Hence, the cash flow from Property Manager has been considered in the valuation. The same has been reflected in our valuation.
- **Projected NOI Growth:**

Considering the above-discussed assumptions on rental growth, market trends, supply-demand conditions, and macroeconomic factors, the projected Net Operating Income (NOI) growth for the operational campuses in Ecoworld is as detailed below:

Particulars	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11
Net Operating Income (INR Mn)	7,708	9420	10,917	11,867	12,393	13,025	14,084	14,979	15,844	16,582	17,652

Operating Cost Assumptions

Cost Assumptions	Unit	Details
Brokerage cost (Renewal/ Release)	Month Rent	1 Month Rent
Brokerage cost (New Lease)	Month Rent	2 Month Rent
Property Tax	Per sq. ft./month	INR 2.38
Insurance Cost	Per sq. ft./month	INR 0.17
Cost Escalation	% p.a.	5.0%
Transaction Cost on sale	% of Terminal Value	0.5 %
Maintenance Capex as % of Revenue (Base Rent + Parking)	%	2.0%

- **Brokerage:** In accordance with the market benchmarks for Grade A property, we have assumed brokerage expense amounting to two months for new leases and one month for existing lease rollovers.
- **Property Tax:** Property tax has been provided for FY'26 and the same has been projected to increase at 5% per annum from FY'27 onwards.
- **Insurance Cost:** Insurance cost has been provided for FY'26 and the same has been projected to increase at 5% per annum from FY'27 onwards.
- **Transaction cost:** It has been assumed at 0.5 % of the terminal value and is expected to be incurred towards brokerage, transaction fees, etc.
- The cost escalation/inflation assumption of 5.0% per annum has been determined based on consumer inflation trends observed in the Indian economy. This rate reflects the average taken for historical inflation data for past 10 years from 2015 to 2024. Below is a table presenting the consumer inflation rate across various years:

Year	Inflation (%)
2015	4.91%
2016	4.95%
2017	3.33%
2018	3.94%
2019	3.73%

Discount Rate & Capitalisation rate assumptions

- Capitalization Rate:**

Capitalization rate (“Cap rate”) is a real estate industry metric referring to the ratio of the Net Operating Income (NOI) arising rental income to their gross asset value, indicating the expected income yield of the investor from concerned property. It reflects the expectation of the investor on stability of rental income driven by the asset quality, tenant profile, market demand-supply dynamics and macro-economic expectations on prevailing risk free/ low risk interest rates.

The capitalization rate adopted for valuing various assets has been based on factors such as:

- Relevant parameters of some key investments in comparable properties of similar quality, use, tenant profile made by institutional real estate investors were perused. Further, considering that these investments have been made through institutional player, the cap rate for the Subject Property was suitably adjusted.

The selected comparable investments consist of investment-grade A properties with a similar tenant profile, commercial usage backed by institutional investors. These properties primarily include large office parks, aligning closely with the characteristics of the REIT properties. Considering these criteria, following comparable transactions have been analyzed to derive the capitalization rate:

Name of Seller	Name of Buyer	Location	City	Name of Building	Type of Building	Year of Transaction	Area (sq. ft.)	Deal Size (INR mn)	Capitalization Rate
Shapoorji Pallonji-Allianz	GIC	Gachibowli	Hyderabad	Waverock 2.1	Commercial	2024	22,84,918	21,500	~8%
MFAR Developers	Edelweiss Alternatives	Outer Ring Road	Bengaluru	Embassy Manyata Tech Park	Commercial	2024	11,00,000	15,000	~8%
Kalyani Developers	Tablespace Technologies	Whitefield	Bengaluru	Kalyani Camellia	Commercial	2024	5,00,000	5,000	~8%
Bhartiya Group	GIC	Hebbal	Bengaluru	Bhartiya City	Commercial	2023	30,00,000	28,000	~8%
Brookfield Asset Management	GIC & Brookfield REIT	Powai	Mumbai	9 Grade A Properties in Downtown Powai	Commercial	2023	27,00,000	65,000	~8%
Brookfield Properties	Brookfield REIT & GIC	Gurugram	NCR	Candor Techspace G1	Commercial	2023	37,98,366	47,250	~8%
Salarpuria Sattva	Continental Automotive	Electronic city	Bengaluru	South Gate	Commercial	2022	8,50,885	7,516	8.32%
TRIL Properties	CPPIB	Suburban South	Chennai	TRIL Info Park	Commercial	2022	46,67,000	63,000	~7.6% - 7.7%
Embassy Property Developments Pvt. Ltd.	Embassy Office Parks REIT	ORR, Bengaluru	Bengaluru	Embassy Tech Village	Commercial	2020	91,00,000	97,824	7.50%

- Source: Secondary Market Research
- Note: The above information is based on information published in public domain and discussions with various market players.

Based on these considerations, an exit capitalisation rate ranging between 7.5% and 8.5% has been adopted, with the lower end of the range applied to assets demonstrating superior performance and fundamentals within the portfolio. Thus we have considered the cap rate as 8% for the valuation of Ecoworld .

- **Discount Rate**

This discount rate applied to the available cash flows reflect the opportunity cost to all the capital providers, namely shareholders (Cost of Equity) and creditors (Cost of Debt), weighted by the relative contribution to the total capital of the company (WACC). The opportunity cost to the capital provider equals the rate of return the capital provider expects to earn on other investments of equivalent risk.

- **Cost of Debt**

The cost of debt is the return that a company provides to its debtholders and creditors. These capital providers need to be compensated for any risk exposure that comes with lending to a company. The cost of debt for real estate assets is often influenced by the stage of development of the asset. The mature and income-generating assets are considered less risky, leading to lower interest rates. In this context, the cost of debt for Brookfield India REIT properties is benchmarked to the interest rates observed in REITs, as all bear similar characteristics in terms of type and development status of properties. Since a major portion of REITs' portfolios consists of completed, income-generating assets, the cost of debt aligns more closely with the Lease Rent Discounting (LRD) rate.

This approach ensures that the cost of debt is aligned with the risk profile of the property and current market conditions, Please find below Cost of Debt for Comparable REIT.

Entity Name	Cost of Debt
Brookfield (June 2025)	8.10%
Embassy (June 2025)	7.55%
Mindspace (June 2025)	7.84%
Knowledge Realty Trust (June 2025)	8.99%

Source: Analyst Presentation for respective REIT

The cost of debt for September 2025 valuation is considered as ~ 8.4 %, basis the range of cost of debt for the RIETs as mentioned in the above table.

- **Cost of Equity**

We have considered the cost of equity at 14.50% as per the market return expectations of various investors for commercial office. Apart from that we have also benchmarked CAPM model and inputs of same is detailed out as under.

- We have considered risk-free rate of 6.96% based on average 10-year treasury bond yield.
- For calculation of beta, we have benchmarked industry (Nifty Realty Index). We have considered average 5-year Beta of Nifty Realty index with respect to Nifty 50.
- We have considered market risk premium of 5.59% based on the returns of broad-based BSE 500 stock index for the past 10 to 15 years.

- **Debt-Equity Ratio (weightage of WACC)**

As discussed earlier, the cost of debt has been derived based on prevailing LRD rates, while the cost of equity has been calibrated to account for both asset-specific and market-specific factors, reflecting investor expectations from an operational Grade A office spaces. Additionally, the debt- to-equity mix has been determined considering the typical LRD tenures and the extent to which debt financing contributes to the overall asset value.

It may be noted basis management representation that the current debt equity structure of Brookfield India REIT is 30:70. However, the SEBI REIT Regulations states that the maximum permissible limit for debt is 49%. Hence, we have considered the debt and equity mix of 45% and 55% which lies well within the limit specified as per the SEBI REIT Regulations and is also accepted by the market participants.

- **Derivation of WACC**

Based on above, the following WACC rate has been assumed for completed commercial assets part of the Brookfield India REIT:

Particulars	Cost	Weightage	~11.75%
Cost of Debt	8.40%	45%	
Cost of Equity	14.50%	55%	

Note: As per management representation planned debt equity structure for Brookfield India REIT is 45:55.

Future Development:

Please note that all assumptions mentioned above under the “Completed Property” section holds true for “Future development” buildings. The exceptions if any are as elaborated below:

Note: * Property management services to the Subject Property of Brookfield India REIT which include services pertaining to construction, operations, procurement, accounting, legal and compliance services.

The cost escalation/inflation assumption of 5.0% per annum has been determined based on similar portfolios and which further corroborates with general consumer inflation trends observed in the Indian economy. This rate reflects average taken for historical inflation data for past 10 years from 2015 to 2024.

Capitalization Rate and Discount Rate

- With reference to the explanation in completed property section, the cap rate for the Subject Property has been assumed to be 8% in line with the available market information applied on the one year forward NOI in the terminal year.
- Cost of debt for under construction properties is considered based on prevailing construction finance rates at 10%.
- Additionally, the proportion of debt and equity has been derived considering the leverage extended for construction of Grade A office developments based on industry benchmarks and feedback received from financial institutions.
- The derived discount rate of 13% is arrived basis the assumption that the properties would have a higher discount rate during the construction period and would be normalized post construction to 11.75%.

2. The opinions expressed in the Report are subject to the limitations expressed below.
 - a. The valuation method adopted is based on the Valuer’s expertise and knowledge taking into account the generally available market information and considered to be relevant and reasonable at that point of time. The Report and the opinions therein do not constitute any recommendation to **Brookfield India REIT** (or “the Client”) or its affiliates and subsidiaries or its customers or any other party to adopt a particular course of action. The use of the Report at a later date may invalidate the assumptions and bases on which these opinions have been expressed and is not recommended as an input to any financial decision.
 - b. It should be noted that the valuation is based upon the facts and evidence available at the time of conduct of the valuation and applicable on the date of valuation. It is therefore recommended that these valuations be periodically reviewed.
 - c. Changes in socio-economic and political conditions could result in a substantially different situation than those presented herein. The Valuer assumes no responsibility for changes in such external conditions.
 - d. The Valuer has relied on her own macro understanding of the market through readily available information in public domain. Hence, no direct link is sought to be established between the macro-level understandings on the market with the assumptions estimated for the analysis herein.
 - e. The services provided is limited to valuation of the Subject Property primarily comprising Land and Building and any part thereof and does not constitute any audit, survey, due diligence, tax related services or an independent validation of the projections. Accordingly, no opinion has been expressed on the financial information of the business of any party, including the Client and its affiliates and subsidiaries. The Report is prepared solely for the purpose stated and should not be used for any other purpose.
 - f. While the information included in the Report is accurate and reliable to the best of the knowledge of the Valuer, no representations or warranties, expressed or implied, as to the completeness of such information is being made. The Valuer shall not undertake any obligation to update or supplement any information contained in the Report save as provided for in the Agreement.
 - g. Apart from the sources already mentioned in the report, the Valuer has relied on readily available public information for the purpose of preparing this report.
3. The Report reflects matters as they currently exist. Any changes thereon may materially affect the information contained in the Report.
4. All assumptions made in order to determine the valuation of the Subject Property is based on information or opinions as current. In the course of the analysis, the Valuer has relied on information or opinions, both written and verbal, as obtained from the Clients as well as from third parties provided with, including limited

information on the market, financial and operating data, which has been accepted as accurate in bona-fide belief. No responsibility is assumed for technical or specialised information furnished by the third-party organizations, and this is on a bona-fide basis, believed to be reliable.

5. No investigation of the title of the assets has been made and owners' claims to the assets is assumed to be valid unless anything contrary is mentioned in the main report. No consideration is given to liens or encumbrances, which may be against the assets. Therefore, no responsibility is assumed for matters of a legal nature.
6. The Valuer's total aggregate liability to the Client including that of any third-party claims, in contract, tort including negligence or breach of statutory duty, misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the services is limited to an aggregate sum agreed in the LoE. The Valuer shall not be liable for any pure economic loss, loss of profit, loss of business, depletion of goodwill, in each case whether direct or indirect or consequential or any claims for consequential loss compensation whatsoever which, arise out of or in connection with services provided under this engagement.
7. The Client including its agents, affiliates and employees, must not use, reproduce or divulge to any third party any information it receives from the Valuer for any purpose.
8. This engagement shall be governed by and construed in accordance with Indian laws and any dispute arising out of or in connection with the engagement, including the interpretation thereof, shall be submitted to the exclusive jurisdiction of courts in New Delhi.

C&WI has no present or planned future interest in the Manager, Trustee, Brookfield India REIT, the Sponsors and Sponsor Group to Brookfield India REIT or the SPVs and the fee for this Report is not contingent upon the review contained herein. C&WI has also prepared the Industry Report which covers the overview of the commercial real estate markets, the drivers and trends in the relevant cities/micro-markets. Our review should not be construed as investment advice; specifically, we do not express /any opinion on the suitability or otherwise of entering any financial or other transaction with the Client or the SPVs.

C&WI shall keep all the information provided by Client confidential.

4 Purpose

The purpose of the Engagement is to review the assumptions and methodologies as set out in Annexure 2 ("Stated Procedure") which have been used for disclosure of valuation of the property, in connection with the proposed acquisition by Brookfield India REIT in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines, and notifications thereunder in the Indian stock exchange. It is hereby clarified that we are not undertaking a valuation under the SEBI REIT Regulations, or any other enactment and the scope of work is expressly limited to what is stated herein.

With respect to the aforementioned disclosure of valuation of assets, to be formed as a part of the portfolio of Brookfield India REIT, this independent report is intended to be filed with the Securities and Exchange Board of India ("SEBI"), stock exchanges, trustee or any other relevant regulator within or outside India, and in any other documents to be issued or filed in relation to Brookfield India REIT.

5 Scope of Work

C&WI has given its views in relation to the Stated Procedure and this Engagement should not be considered as an audit of a valuation or an independent valuation of the Properties. C&WI has not developed its own opinion of value but has reviewed the Stated Procedure in light of the framework contained in the RICS Valuation Global Standards 2025 ("Red Book") which is compliant with the IVSC International Valuation Standards issued in December 2024 and effective from 31 January 2025.

C&WI review is limited, by reference to the date of this report and to the facts and circumstances relevant to the Properties at the time, to review and assess, under the Red Book standards:

- whether the key assumptions as set out in the Stated Procedure are reasonable; and
- whether the methodology followed as set out in the Stated Procedure is appropriate

6 Approach & Methodology

C&WI has prepared the industry report including overview of the commercial office scenario for each of the markets/ sub-markets where Property is present. C&WI has visited the Property during the study.

C&WI has been provided with the information such as rent rolls, sample agreement copies, approval plans and other information such as Valuation Methodology and key assumptions including achievable rental for the property, rental growth rate, construction timelines, Capitalisation rates, Discount rates etc. An extract of the Methodology and Key assumptions is provided in Annexure 2.

Client acknowledges and agrees that C&WI's services hereunder (including, without limitation, the Draft Report, and the Final Report ("Deliverables") itself and the contents thereof) are being provided by C&WI solely to the client in relation to Brookfield India REIT. If the client desires to use the Deliverables or C&WI's name in any other offering other than as contemplated under the Agreement, then the client shall obtain C&WI's prior written approval for such usage. The client shall indemnify C&WI for any losses suffered by C&WI due to such usage other than as contemplated under the Agreement. Additionally, the client herewith consents to provide or cause to be provided, an indemnification agreement in C&WI's favour, reasonably satisfactory to C&WI to indemnify C&WI for any use of the Report other than for the purpose permitted under the Agreement. It is however clarified that the indemnity shall not cover any losses resulting from the use of the Report for statutory /other reporting for sharing with REIT investors/unitholders for Brookfield India REIT.

8 Third Party Claim Indemnity (in accordance with the Agreement)

The Report issued shall be used by the client in relation to the purpose stated previously. In the event the client, (i) uses the Report not in accordance with the terms of the Agreement / as per purpose permitted under the Agreement or (ii) permits reliance thereon by, any person or entity as not authorized by C&WI in writing to use or rely thereon, the client hereby agrees to indemnify and hold C&WI, its affiliates and their respective shareholders, directors, officers and employees (collectively the "Representatives") harmless from and against all damages, expenses, claims and costs, including reasonable attorneys' fees, incurred in investigating and defending any claim, arising from or in any way connected to the use of , or reliance upon, the Report. Notwithstanding the forgoing, the client shall not be liable under this clause if such damages, expenses, claims, and costs incurred as a result of C&WI's or any of its affiliates' or any of their respective Representatives' gross negligence, fraud, wilful misconduct, or breach of their confidentiality obligations under the Agreement. C&WI disclaims any and all liability to any party other than the client.

9 Limitation of Liability (in accordance with the Agreement)

C&WI endeavours to provide services to the best of its ability and professional standards and in bonafide good faith. Subject to the terms and conditions in the Agreement, C&WI's total aggregate liability to the client arising in connection with the performance or contemplated performance of the services herein, regardless of cause and/or theory of recovery, shall not exceed the professional indemnity insurance limited to aggregate sum not exceeding the total fees paid to C&WI by client hereunder.

In the event that C&WI is subject to any claims in connection with, arising out of or attributable to in any legal proceedings in all such cases, the client agrees to reimburse/ refund to C&WI, the actual cost (which shall include legal fees and external counsel's fee) incurred by C&WI while becoming a necessary party/respondent.

10 Disclaimer

C&WI will neither be responsible for any legal due diligence, title search, zoning check, development permissions and physical measurements nor undertake any verification/ validation of the zoning regulations/ development controls etc.

11 Disclosure and Publications

You must not disclose the contents of this report to a third party in any way, except as allowed under the Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars. As per the terms and regulation 2(1) of the Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars.

B REVIEW FINDINGS

Our exercise has been to review the Stated Procedure, which has been used, for conducting valuation of Properties in connection with disclosure of valuation of assets, to be formed as a part of portfolio of Brookfield India REIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchange, in accordance with the IVSC International Valuation Standards issued in December 2024 and effective from 31 January 2025.

The approach adopted by C&WI would be to review the Stated Procedure, which would have a significant impact on the value of Properties, such as:

- Achievable Rental for the property
- Rental Growth Rate
- Construction Timelines
- Capitalisation Rate
- Discount Rate
- Occupancy Projections

C&WI has:

- Independently reviewed the key assumptions as set out in the Stated Procedure and is of the opinion that they are reasonable.
- Independently reviewed the approach and methodology followed and analysis as set out in the Stated Procedure, to determine that it is in line with the guidelines followed by RICS and hence is appropriate.

C&WI finds the assumptions, departures, disclosures, limiting conditions as set out in the Stated Procedure, relevant and broadly on lines similar to RICS guidelines. No other extraordinary assumptions are required for this review.

The commercial real estate sector has shown significant improvement in last 2 years. Factors resulting in increase in the office demand includes a broad-based participation by large and small occupiers, continued entry of new GCCs into India, increased hiring by IT-BPM firms and start-ups, more employees returning to office.

We observe that the assumptions noted in Annexure 2, reflect these factors.

Below is the summary of the property as of 30th September 2025 which is located in Bengaluru that has been reviewed:

Sr No	Location	Asset	Completed (In Msf)	Leasable Area ¹	
				Under Construction (In Msf)	Future Development (In Msf)
REIT Portfolio ¹					
1	Outer Ring Road – Bengaluru	Ecoworld	7.62	NA	0.08
TOTAL			7.62	NA	0.08

1. Based on Architect's Certificate Dated (25th October 2025) for Ecoworld.

Below is the Property wise analysis:

REIT Portfolio

- **Ecoworld :** C&WI view of the achievable market rent office (including parking) for the asset would be in the range of INR 105-115 per sq. ft. per month. Achievable market rent for retail portion would be in the range of INR 88-93 per sq. ft per month. This is keeping in mind the latest transactions within the park and competing office developments in the vicinity. C&WI considers the discount rate appropriate and cap rate in line with the market.

Considering the above-mentioned points, C&WI considers the market assumptions and the approach to valuation for the above Property to be reasonable and in line with international valuation standards (RICS).

Annexure 1: Instructions (Caveats & Limitations)

1. The Independent Property Consultant Report is not based on comprehensive market research of the overall market for all possible situations. C&WI has covered specific markets and situations, which are highlighted in the Report.

The scope comprises of reviewing the assumptions and methodology in the Stated Procedure, for valuation of the Properties. C&WI did not carry out comprehensive field research-based analysis of the market and the industry given the limited nature of the scope of the assignment. In this connection, C&WI has relied on the information supplied to C&WI by the Client.

2. In conducting this assignment, C&WI has carried out analysis and assessments of the level of interest envisaged for the Property(ies) under consideration and the demand-supply for the commercial sector in general. The opinions expressed in the Report will be subject to the limitations expressed below.
 - a. C&WI has endeavoured to develop forecasts on demand, supply and pricing on assumptions that would be considered relevant and reasonable at that point of time. All of these forecasts are in the nature of likely or possible events/occurrences and the Report will not constitute a recommendation to Brookprop Management Services Private Limited, Brookfield India Real Estate Trust, Manager or its affiliates and subsidiaries or its customers or any other party to adopt a particular course of action. The use of the Report at a later date may invalidate the assumptions and basis on which forecasts have been generated and is not recommended as an input to a financial decision.
 - b. Changes in socio-economic and political conditions could result in a substantially different situation than those presented at the stated effective date. C&WI assumes no responsibility for changes in such external conditions.
 - c. In the absence of a detailed field survey of the market and industry (as and where applicable), C&WI has relied upon secondary sources of information for a macro-level analysis. Hence, no direct link is to be established between the macro-level understandings on the market with the assumptions estimated for the analysis.
 - d. The services provided is limited to review of assumptions and valuation approach and other specific opinions given by C&WI in this Report and does not constitute an audit, a due diligence, tax related services or an independent validation of the projections. Accordingly, C&WI does not express any opinion on the financial information of the business of any party, including the Client and its affiliates and subsidiaries. The Report is prepared solely for the purpose stated and should not be used for any other purpose.
 - e. While the information included in the Report is believed to be accurate and reliable, no representations or warranties, expressed or implied, as to the accuracy or completeness of such information is being made. C&WI will not undertake any obligation to update, correct or supplement any information contained in the Report.
 - f. In the preparation of the Report, C&WI has relied on the following information:
 - i. Information provided to C&WI by the Client and subsidiaries and third parties;
 - ii. Recent data on the industry segments and market projections;
 - iii. Other relevant information provided to C&WI by the Client and subsidiaries at C&WI's request;
 - iv. Other relevant information available to C&WI; and
 - v. Other publicly available information and reports.

3. The Report is reflecting matters as they currently exist. Changes may materially affect the information contained in the Report.
4. In the course of the analysis, C&WI has relied on information or opinions, both written and verbal, as currently obtained from the Clients as well as from third parties provided with, including limited information on the market, financial and operating data, which would be accepted as accurate in bona-fide belief. No responsibility is assumed for technical information furnished by the third-party organizations, and this is bona-fidely believed to be reliable.
5. No investigation of the title of the assets has been made and owners' claims to the assets is assumed to be valid. No consideration will be given to liens or encumbrances, which may be against the assets. Therefore, no responsibility is assumed for matters of a legal nature.

Annexure 2: Extract of Methodology & Key Assumptions for the Valuation of Property

Note: The Property has been referred to as “Subject Property” by the valuer. Similar representation has been followed in this section.

Valuation Approach and Methodology

- **PURPOSE OF VALUATION**

The purpose of this exercise is to provide a valuation review of the Subject Property to be formed as part of the portfolio of Brookfield India REIT, for reporting purposes under the SEBI (Real Estate Investment Trust) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder and also disclosure requirement of fair valuation of investment properties as per (Ind AS) 40.

- **VALUATION GUIDELINE AND DEFINITION**

Given the purpose of valuation review as mentioned above, the exercise has been carried out to estimate the “Market Value” of the Subject Property in accordance with the IVSC International Valuation Standards issued in December 2024 and effective from 31 January 2025

As per IVSC International Valuation Standards, “Market Value” is defined as ‘*The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.*’

- **VALUATION APPROACH**

The basis of valuation for the Subject Property being Market Value, the same has been derived by the following approach:

Discounted Cash Flow Method using Rental Reversion

The market practice in most commercial/ IT developments involves contracting tenants in the form of pre-commitments at sub-market rentals to increase attractiveness of the property to prospective tenants typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rentals for certain property as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, we have considered the impact of such sub/above market leases on the valuation of the Subject Property.

For the purpose of the valuation of Subject Property, Income Approach - Discounted Cash Flow Method using Rental Reversion has been adopted.

- **Valuation Methodology**

In order to compute the Market Value of the Subject Property the following understanding /assessment is required:

- a. Micro Market Assessment where the Subject Property is located.
- b. Portfolio Assessment (existing and future supply, demand from occupiers, average office space take up by an occupier in a particular sector, existing vacancy and the rentals)
- c. Situation of the Subject Property (current achievable rentals, vacancy numbers, competing supply in the micro market etc.) with respect to the micro market.

The details are elaborated below:

Market Assessment:

The Client appointed Cushman & Wakefield (C&WI) to prepare an independent industry and market research report, which has been relied upon to develop the understanding and assess the relevant micro-markets of the Subject Property. The said review, was carried out in the following manner:

- Details study of the market dynamics influencing the rents along with Subject Property rents.
- Assessment of the location setting of the Subject Property in the respective micro-markets.
- Ascertain the transaction activity of office space based on the findings of the industry/market report prepared by C&WI and readily available information in public domain.
- Review of comparable properties in terms of potential competition (both completed and under-construction/future developments), comparable recent lease transactions witnessed in the micro-market along with the trends in leasing within the Subject Property in recent past, wherever available.

The above analysis support to form an opinion on the applicable rental for the micro-market where the respective Subject Property are located (market rent) and on achievable rent for the respective Subject Property for leasing vacant spaces, as well as upon re-leasing of the existing let out area.

Portfolio & Rental Assessment:

- Property Documents and architect certificates were reviewed for validation of area details, ownership interests of the Subject Property.
- Physical site inspections were conducted to assess the current status of the Subject Property.
- The rent rolls along with corresponding leases deeds (on a reasonable sample basis) were reviewed to identify tenancy characteristics for the Subject Property.

Preparation of Future Cash Flows:

- Computing the monthly rental income projected and translating the same to a quarterly cash flow.
- The operational expenses of the respective properties are reviewed to understand the recurring, non-recurring, recoverable and non-recoverable nature expenses and accordingly estimate the margins on the common area maintenance income, which accrues as cash inflows to the Subject Property and normalised for the purpose of cash flow projections.
- The projected future cash flows from the Subject Property are based on existing lease terms for the operational area till the expiry of the leases or re-negotiation, whichever is earlier, following which, the lease terms have been aligned with market rents achievable by the Subject Property.
- The cash flows for the operational, under construction and future development area have been projected separately for the purpose of estimating and reporting valuation in accordance with the SEBI (REIT) Regulations
- For vacant area, under-construction area and future development area, the achievable market rent-led cash flows are projected factoring appropriate lease-up time frame for vacant/under-construction/future development area.
- Recurring operational expenses, fit-out income (wherever applicable, however, the same has not been included in the NOI for the purpose of arriving at the terminal value by capitalisation) and vacancy provision have been adopted in-line with prevalent market practices and conditions.

- In addition, appropriate rent-free periods have been adopted during lease roll-overs to consider potential rent-free terms as well as outflows towards brokerage.

These cash flows have been projected for 10-year duration from the date of valuation wherein 11th year Net operating income (NOI) is capitalized for the assessment of terminal value. These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate to arrive at the Market Value of the Subject Property.

For Subject Property those are short term leasehold in nature, these cash flows have been projected for a duration until the land lease for the Subject Property expires. These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate to arrive at the Market Value of the Subject Property.

**Assumptions, Disclaimers,
Limitations & Qualifications:**

This valuation report is provided subject to assumptions, disclaimers, limitations and qualifications detailed throughout this report which are made in conjunction with those included within the Assumptions, Disclaimers, Limitations & Qualifications section located within this report.

Reliance on this report and extension of our liability is conditional upon the reader's acknowledgement and understanding of these statements. This valuation is for the use of the party to whom it is addressed and for no other purpose. No responsibility is accepted to any third party who may use or rely on the whole or any part of the content of this valuation. The valuer has no pecuniary interest that would conflict with the proper valuation of the asset.

Heightened Market Volatility:

It's important to note that ongoing geopolitical tensions across various regions present significant uncertainty, with the potential for rapid escalation. Further, recent increases and proposed changes to international trade tariffs among major economies, and geopolitical risk relating to energy prices have added further volatility and uncertainty. Collectively, these factors contribute to elevated risks to global trade and economic stability. The potential impact on the Indian economy and property market remains uncertain, with the possibility of heightened market volatility in some property markets over the short-to-medium term.

Experience has shown that consumer and investor behaviour can quickly change during periods of such heightened volatility. Lending or investment decisions should account for this heightened level of volatility and potential for deteriorating market conditions both domestically and globally. Caution is advised in this regard.

Conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation/market is closely monitored, as we continue to track how markets respond to evolving events

Construction Cost Volatility:

Although general increases in material costs have stabilised since 2022, some specialised supply chains and construction-related labour costs remain volatile with the potential for further increases. This has created uncertainty in cost estimates, which is likely to continue.

In addition, there are significant risks that delays may be encountered in sourcing specialised materials and labour, and as such, the potential for ongoing cost escalations and delays is high. This may place additional pressure on developer and contractor profit margins and development viability.

These inherent risks should therefore be given careful consideration in lending and investment decisions. Caution is advised in this regard.

Development Valuation:

The value of real estate developments is traditionally highly volatile and can be subject to rapid changes of value in short timeframes. Development projects appeal to specific types of purchasers and can be significantly impacted by many factors such as broader economic conditions, fluctuating levels of supply and demand for the product, changes in building costs and the availability and cost of development finance. All these (and more) factors could have a significant impact on the value and demand for the Subject Property.

Going forward there will be several key factors impacting on the viability of some development projects and their underlying land values. Key concerns are fluctuations in construction costs, substantial new supply levels and easing investor demand for final product. In addition, we also note that ongoing monitoring and governance of banking systems may significantly restrict development capital and increase the cost of development finance.

As experienced in previous market cycles, the value of real estate developments can undergo rapid and significant price corrections, as supply, demand and cost factors change. Any Reliant Party is strongly advised to consider this inherent risk in their investment and/or lending decisions. Lending and investment caution is advised in this regard.

The applicant's ability to service debt should also be carefully considered, should development opportunities and settlements be extended, construction/funding costs increase, or sales rescinded.

Assumptions:	Assumptions are a necessary part of undertaking valuations. The Valuer adopts assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of the Valuer's expertise, or the instructions. The reliant parties accept that the valuation contains certain specific assumptions and acknowledges and accepts the risk that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation
Information Supplied by Others:	This valuation is based on the information provided by the Client (Brookfield Real Estate Trust). The same has been assumed to be correct and has been used for the valuation. Where it is stated in the report that another party has supplied information to iVAS, this information is believed to be reliable but iVAS can accept no responsibility if this should prove not to be so.
Matters which affect or may affect the valuation	If the Reliant Party becomes aware of any matters which affect or may affect the valuation, then Valuer must be advised of those matters. The Reliant Party's failure to do so will disentitle the Reliant Party to place reliance on the valuation and reliance must not be placed on the valuation/s under any circumstance
Future Matters:	To the extent that the valuation includes any statement as to a future matter, that statement is provided as an estimate and/or opinion based on the information known to iVAS at the date of this document. iVAS does not warrant that such statements are accurate or correct.
Map and Plans:	Any sketch, plan or map in this report is included to assist the reader while visualizing the property and assume no responsibility in connection with such matters. Further, all maps and plans quoted in our report are solely for illustration purposes only. While they are extracted from public sources, they may be not to scale. Valuer does not warrant that such dimensions shown are accurate.
Site Details:	Based on title due-diligence report provided by the Client, the Valuer understands that the Subject Property is free from any encroachments and is available as on the date of the valuation
Property Title:	For the purpose of this valuation exercise, the Valuer has relied on the Title diligence report & other documents provided by the Client for the Subject Property and has made no further enquiries with the relevant local authorities in this regard. Further, the Valuer has not undertaken search at the office of jurisdictional Sub-Registrar of Assurances ("SRO") to ascertain registered encumbrances, if any, in connection with the Subject Property. The Valuer does not have the expertise or the preview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation, the Valuer has assumed that the asset has title deed that is clear and marketable
Environmental Conditions:	In preparing our valuation we assume that no contaminative or potentially contaminative use is, or has been, carried out at the property. We do not undertake any investigation into the past or present uses of either the property or any adjoining or nearby land, to establish whether there is any potential for contamination from these uses and assume that none exists. Should it, however, be subsequently established that such contamination exists at the property or on any adjoining

	land or that any premises have been or are being put to contaminative use, this may have a detrimental effect on the value reported.
Town Planning:	The current zoning of the Subject Property has been adopted on the basis of review of various documents (approval documents) provided by the Client and the current land use maps for the subject region. The same has been considered for the purpose of this valuation exercise. Further, it has been assumed that the development on the Subject Property adheres/ would adhere to the development regulations as prescribed by the relevant authorities. The Valuer has not made any enquiries with the relevant development authorities to validate the legality of the same.
Area:	The total leasable area considered for the purpose of this valuation exercise is based on the architect certificate, rent roll, area statement and other information/documents provided by the Client. It must be noted that all the above information provided by the Client has been verified based on the approvals/ layout plans/building plans/CLU document/Title diligence report/Technical due diligence report and other documents provided by the Client. However, the Valuer has not undertaken additional verification and physical measurement for the purpose of this valuation exercise.
Condition & Repair:	In the absence of any information to the contrary, we have assumed that there are no abnormal ground conditions, nor archaeological remains present which might adversely affect the current or future occupation, development or value of the property; the property is free from rot, infestation, structural or latent defect; no currently known deleterious or hazardous materials or suspect techniques have been / will be used in the construction of or subsequent alterations or additions to the property and comments made in the property details do not purport to express an opinion about, or advice upon, the condition of uninspected parts and should not be taken as making an implied representation or statement about such parts.
Not a Structural Survey:	We state that this is a valuation report and not a structural survey.
Legal:	<p>Unless specifically disclosed in the report, the Valuer has not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Property.</p> <p>We do not read legal documentation. Where legal documentation is provided to us, we will have regard to the matters therein but recommend that reliance should not be placed on our interpretation thereof without prior verification by your legal advisors. Unless disclosed to us, we assume that there are no outstanding statutory breaches or impending litigation in respect of the property. We further assume that all documentation is satisfactorily drawn and that unless disclosed to us, there are no unusual or onerous restrictions, easements, covenants or other outgoing which would adversely affect the value of the relevant interest(s). In respect of leasehold assets, we will assume that your landlord will give any necessary consents to an assignment. Unless notified to the contrary we assume that each property has a good and marketable title and is free from any pending litigation.</p>
Other:	Considering the unorganized nature of real estate markets in India, all comparable evidence (if any) provided in the valuation report has been limited to the basic details such as the area of asset, rate at which transacted, broad location and other specific details would be provided only if the information is available in public domain.
Other Assumptions/Observations:	Please note that all the factual information such as tenants' leasable area, lease details such as lease rent, lease commencement and lease end date, lock – in period, escalation terms, etc. pertaining to the Subject Property's is based on the rent roll provided by the Client as of 30 th September 2025 and the same has been adopted for the purpose of this valuation exercise. The rent rolls have been cross-checked with copies of the lease deeds on a sample basis as shared with the Valuer to verify the authenticity. Any change in the above information will have an impact on the assessed value and in that case the Valuer will have to relook at the assessed value.

	<p>All measurements, areas and ages quoted in the Valuation Report are approximate.</p> <p>We are not advisors with respect to legal, tax and regulatory matters for the transaction. No investigation of the respective Asset SPVs holding the assets' claim to title of assets has been made for the purpose of this Valuation Report and the Asset SPVs' claim to such rights have been assumed to be valid. No consideration has been given to liens or encumbrances against the assets. Therefore, no responsibility is assumed for matters of a legal nature.</p>
Flooding risk:	<p>We have assumed that either there is no flooding risk or, if there is, that sufficient flood defences are in place and that appropriate building insurance could be obtained at a cost that would not materially affect the capital value.</p>
Site Conditions:	<p>We do not commission site investigations to determine the suitability of ground conditions and services, nor do we undertake environmental or geotechnical surveys. We have assumed that these aspects are satisfactory and also that the site is clear of underground mineral or other workings, methane gas or other noxious substances.</p> <p>In the case of asset which may have redevelopment potential, we proceed on the basis that the site has load bearing capacity suitable for the anticipated form of redevelopment without the need for additional and expensive foundations or drainage systems (unless stated otherwise)</p>
Hazardous & deleterious materials	<p>Unless otherwise noted, we have assumed that the improvements are free of Asbestos and Hazardous Materials, or should these materials be present then they do not pose significant risk to human health, nor require immediate removal. We assume the site is free of subsoil asbestos and have made no allowance in our valuation for site remediation works.</p> <p>Our visual inspection is an inconclusive indicator of the actual condition/presence of asbestos/hazardous materials within the asset. We make no representation as to the actual status of the Asset. If a test is undertaken at some time in the future to assess the degree, if any, of the presence of any asbestos/hazardous materials on site and this is found to be positive, this valuation must not be relied upon before first consulting iVAS Partners to reassess any effect on the valuation. Unless specifically instructed, we do not carry out investigations to ascertain whether any building has been constructed or altered using deleterious materials or methods. Unless specifically notified, our valuation assumes that no such materials or methods have been used.</p>
Unregistered interests:	<p>We have assumed that there are no unregistered interests or interests not captured by the applicable Regulatory Authority in the country which services are to be carried out which may affect market value. In the event that the Reliant Party becomes aware of any further or pending easements, encumbrances or unregistered interests, this valuation must not be relied upon before first consulting iVAS Partners in writing to reassess any effect on the valuation</p>
Market Uncertainty:	<p>Heightened Market Volatility</p> <p>It's important to note that ongoing geopolitical tensions across various regions present significant uncertainty, with the potential for rapid escalation. Further, recent increases and proposed changes to international trade tariffs among major economies, and geopolitical risk relating to energy prices have added further volatility and uncertainty. Collectively, these factors contribute to elevated risks to global trade and economic stability. The potential impact on the Indian economy and property market remains uncertain, with the possibility of heightened market volatility in some property markets over the short-to-medium term.</p> <p>Experience has shown that consumer and investor behaviour can quickly change during periods of such heightened volatility. Lending or investment decisions should account for this heightened level of volatility and potential for deteriorating market conditions both domestically and globally. Caution is advised in this regard.</p> <p>Conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation/market is closely monitored, as we continue to track how markets respond to evolving events.</p>

Construction Cost Volatility:

Although general increases in material costs have stabilised since 2022, some specialised supply chains and construction-related labour costs remain volatile with the potential for further increases. This has created uncertainty in cost estimates, which is likely to continue.

In addition, there are significant risks that delays may be encountered in sourcing specialised materials and labour, and as such, the potential for ongoing cost escalations and delays is high. This may place additional pressure on developer and contractor profit margins and development viability.

These inherent risks should therefore be given careful consideration in lending and investment decisions. Caution is advised in this regard.

Development Valuation:

The value of real estate developments is traditionally highly volatile and can be subject to rapid changes of value in short timeframes. Development projects appeal to specific types of purchasers and can be significantly impacted by many factors such as broader economic conditions, fluctuating levels of supply and demand for the product, changes in building costs and the availability and cost of development finance. All these (and more) factors could have a significant impact on the value and demand for the Subject Property.

Going forward there will be several key factors impacting on the viability of some development projects and their underlying land values. Key concerns are fluctuations in construction costs, substantial new supply levels and easing investor demand for final product. In addition, we also note that ongoing monitoring and governance of banking systems may significantly restrict development capital and increase the cost of development finance.

As experienced in previous market cycles, the value of real estate developments can undergo rapid and significant price corrections, as supply, demand and cost factors change. Any Reliant Party is strongly advised to consider this inherent risk in their investment and/or lending decisions. Lending and investment caution is advised in this regard.

The applicant's ability to service debt should also be carefully considered, should development opportunities and settlements be extended, construction/funding costs increase, or sales rescinded.

3. MARKET OVERVIEW

3.1. OVERVIEW OF BENGALURU

Bengaluru, also known as India's 'Silicon Valley', is located in Karnataka and is the largest technology hub in Asia and the fourth largest in the world. Karnataka represents 41% of India's total technology exports in FY2024. Bengaluru is often referred to as the Startup Capital of India, accounting for almost 50% of the total Indian Startup funding since 2014. Bengaluru hosts approximately 1,900+ startups, making up 22% of India's total startups as of May 2024. Further, the city has the largest number of Indian Unicorn Startups (approximately 42% share) valued over US\$1 bn as of June 2025. The city also houses approximately 42% of the total Engineering Research and Development (ER&D) talent present in tier-I cities in India in FY2024.

Occupiers prefer Bengaluru given its quality office offering at competitive rentals along with the availability of a talented and affordable workforce. Bengaluru has been leading in terms of absorption between CY2016 to Q1CY2025, with approximately 27.8% share among the top 7 cities in the country. The city has also emerged as the GCC leader in India, backed by a large talent pool, a mature technology ecosystem, and a strong start-up landscape. Bengaluru held a 42.7% share of total pan-India GCC leasing during CY2022 – Q1CY2025. The city is home to the world's second largest AI talent pool as of January 2025. While technology, Engg. & Mfg., and BFSI sectors remain the primary demand drivers, retail, aerospace, semiconductor, and life sciences companies are also establishing niche GCCs. The city is well-connected via extensive transportation infrastructure which is undergoing a comprehensive upgrade, including construction of upcoming metro lines and road projects aiming to provide better access to commercial zones.

Key Office Sub-markets

The Bengaluru office market consists of seven sub-markets as Outer Ring Road (ORR), Peripheral Business District - Others (PBD-O), Extended Business District (EBD), Peripheral Business District - Whitefield (PBD-W), North Bengaluru (NBD), Central Business District (CBD), and South Bengaluru (SBD) as tabulated below:

Bengaluru: Supply, Absorption and Vacancy

Source: IVAS Research; as of June 30, 2025; *Forecasts for years CY2025, CY2026 and CY2027 have been projected based on the current market situation and information available regarding future supply and current absorption. Forecasts have been projected under the assumption that absorption continues to grow at a similar pace compared to the last two years. Kindly note that there are no official databases available for uniform tracking. Further, analysis undertaken above may differ from the data and forecasts published elsewhere. Forecasts are an estimate only and inherently uncertain and must not be considered a guarantee; all figures are an approximation.

Bengaluru has experienced an unprecedented level of occupier interest, with office demand in the city consistently being higher than supply (CY2016-2019) which led to low vacancy levels. Bengaluru has recorded the highest cumulative net absorption of 84.7 msf globally during CY2016 - Q2CY2025. With consistent high demand coupled with moderating supply from Q3CY2025 till CY2027, overall vacancy is expected to reduce by 14.9%.

Bengaluru: Rental Trends

Backed by strong market fundamentals, Bengaluru office market witnessed steady rental growth with a CAGR of 6.5% between CY2016–CY2019. Average rents as of Q2CY2025 is ₹93.7 psf pm. Going forward, office rentals at a city level are forecasted to witness a CAGR of 6.3%, between Q1CY2025–CY2027 with key sub-markets of PBD-W, CBD, EBD and PBD-O expected to lead the growth.

ORR: Supply, Absorption & Vacancy

ORR, being one of the most prominent sub-markets in the city, has historically recorded higher office demand compared to supply completions resulting in low vacancy levels, not exceeding 7.0% between CY2016-CY2020. A gradual increase in vacancy was observed from CY2021 onwards attributable to higher supply completions compared to lower absorption. Going forward, vacancy is forecasted to drop to 9.0% by the end of CY2027 from 10.3% as of Q2CY2025, due to the sub-market's mature ecosystem, relatively lower future supply, proximity to residential zones, availability of talent, and the upcoming metro connectivity that make it attractive for businesses.

Rentals in ORR have grown at a healthy CAGR of 6.1% for the period CY2016 – CY2019. As of Q2CY2025, the sub-market commands average rental of ₹103.8 psf pm and is forecasted to grow at 3.5%- 4.00% per annum from Q1CY2025 to CY2027. While the micro-market average is projected to soften, quality Grade A assets, including the Subject Property are expected to continue to grow at this historical momentum which is 5-6% per annum. This forecasted rental growth is attributable to the

limited future supply competing with Subject Property and good connectivity being further enhanced with ongoing construction of metro phase 2A (expected to be operational by the end of CY2027). The improved connectivity and reduced commute times is expected to further boost demand in the sub-market, resulting in low vacancy.

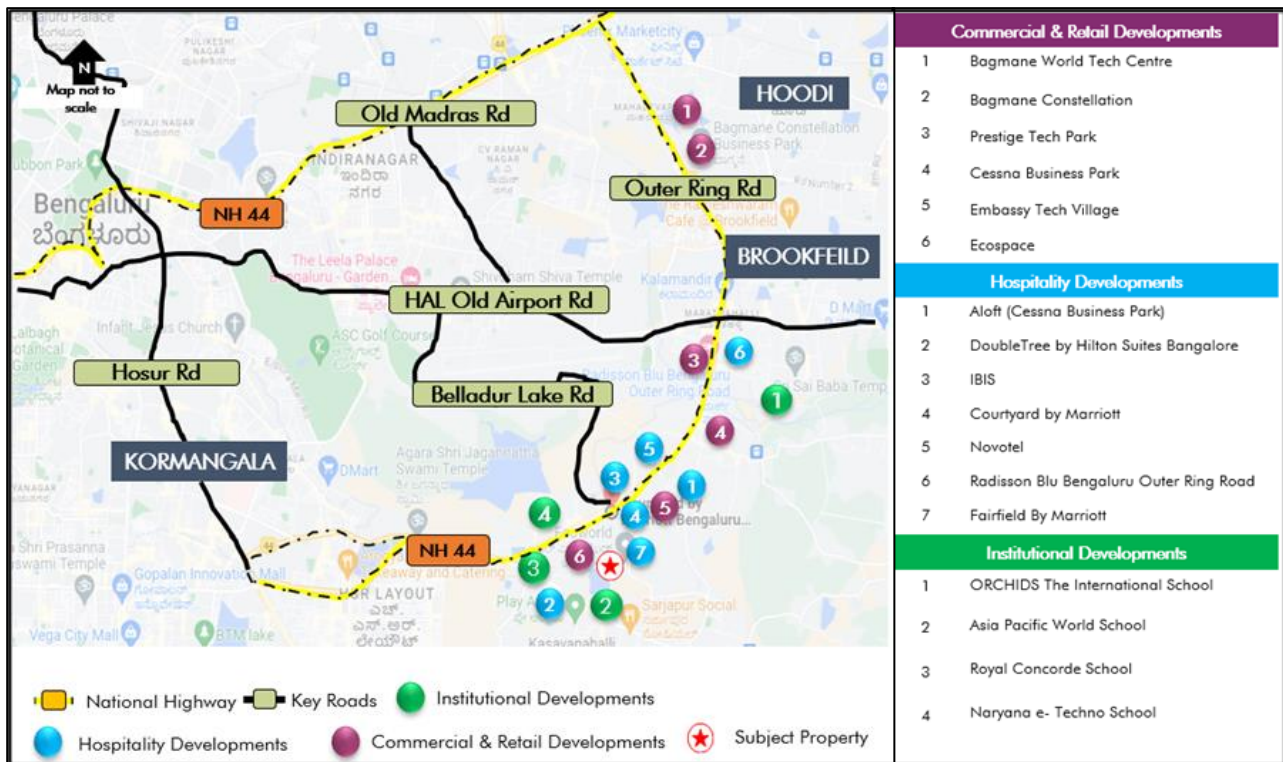

3.2. MICROMARKET OVERVIEW

The Subject micro-market is located towards the South-East of Bengaluru city, extending from KR Puram junction till Sarjapur Road intersection along Outer Ring Road (ORR). The micro-market has emerged as a prominent IT/ ITeS destination, subsequent to the establishment of Intel Campus in 2002. Further, commercial activity in the subject region was catalysed post completion of the ORR in 2004. Owing to the strategic location and excellent accessibility, the micro-market has also been witnessing significant development activity of large-scale commercial projects (SEZ & Non SEZ) over the past few years.

Few of the prominent commercial IT/ITeS developments in the subject micro-market include Prestige Tech Park, Cessna Business Park, Ecospace, Ecoworld, Salarpuria Hallmark, Salarpuria Touchstone, Embassy TechVillage, etc. The subject micro-market has also witnessed development of SEZs such as Cessna Business Park, Bagmane World Technology Centre and Pritech Park which houses prominent companies such as Cisco, Accenture, Cap Gemini, Intuit, Genpact, etc.

With the increase in IT/ ITeS activity in the recent past, residential activity has also witnessed a commensurate increase in and around the region to support the increasing demand of working populace looking at housing options close to their workplace. The subject micro market is also witnessing development of business hotels primarily on account of demand from corporates. Prominent business hotels operational in this location include Novotel, Park Plaza, IBIS, Courtyard, Fairfield, etc.

Following map highlights the micro market of the subject development:

3.2.1. Key Competing Developments in Sub-market

The table below highlights the prominent operational developments in the Sub-market:

Development Name	SEZ/Non SEZ	Location	Leasable Area (msf)	Vacancy (%)
Development 1	SEZ / Non SEZ	Sarjapur Outer Ring Road	10.8	5 – 10%
Development 2	SEZ	Sarjapur Outer Ring Road	4.2	0% - 5%
Development 3	Non SEZ	Sarjapur Outer Ring Road	2.7	5% - 10%

3.2.3. Market Rent Analysis

Based on our interactions with the market players and developers in the region, it is observed that the lease rentals for office space are primarily determined by the factors such as location, accessibility, space off take, type of development, related infrastructure provision for the site, distance from the key hubs of the city, services provided, etc.

A few of the notable transactions that have been observed in the past in the subject micro-market are highlighted below:

Transaction Date	Tenant	Tenant Sector	Leasable Area (sf)	Base Rental (INR /sf / month)*
Q2,2025	Tenant 1	Flexible Space Operator	1,45,000	107 (WS)
Q2,2025	Tenant 2	Life Sciences	78,893	115 (WS)
Q2,2025	Tenant 3	Technology	33,502	105 (WS)
Q2, 2025	Tenant 4	Technology	93,413	119 (WS)
Q1, 2025	Tenant 5	Technology	2,50,000	110 (WS)
Q1, 2025	Tenant 6	Media & marketing	90,000	110 (WS)
Q1, 2025	Tenant 7	Technology	41,713	116 (WS)

Q4, 2024	Tenant 11	Technology	34,357	108 (WS)
Q3, 2024	Tenant 12	Technology	34,452	113 (WS)
Q3, 2024	Tenant 13	Technology	6,40,320	105 (WS)
Q3, 2024	Tenant 14	Technology	6,40,320	105 (WS)
Q3, 2024	Tenant 15	Financial Services	3,70,630	106 (WS)
Q3, 2024	Tenant 16	Banking, financial services, insurance	27,500	105 (WS)
Q3, 2024	Tenant 17	Technology	34,172	114 (WS)
Q2, 2024	Tenant 18	Research, consulting & analytics	24,064	111 (WS)

Source: Market Research; *Rent for Warm shell space

Based on the above table, we understand that majority of the recent transactions reported ranges between **INR 105– 119 per sqft per month (warm shell space)**. The variance across rentals is primarily due to factors such as location, accessibility, tenant mix, quantum of vacant spaces within the development, infrastructure & amenities, additional improvements, etc.

It should be noted that majority of the commercial developments located in the micro-market are witnessed to offer warm shell space (viz. 100% Power Back Up, High Side AC, one layer of Fire Sprinklers and finished toilets).

In addition, the maintenance charge for these developments varies in the range of INR 12.0 - 15.0 psf pm. The parking charges in such developments range between INR 3,000 - 5,000 per bay per month for covered car parks.

3.2.4. Rent and Absorption Future Outlook for micro market

The Sub-market viz. ORR, being one of the most prominent micro-market in the city, has historically recorded higher office demand than supply completions resulting in low vacancy levels. This can be attributed to the micro-market connectivity that make it attractive for businesses.

The rentals in the ORR are projected to grow at a decent rate, which is attributed to the limited future supply, single digit vacancies along with improved public transport with ongoing construction of metro phase 2A, which is expected to be operational by the end of CY2026.

Thus, the improved connectivity and reduced commute times is expected to further boost demand in the micro market. The positive market dynamics, premium positioning and asset quality are expected to continue driving demand for office space in the ORR region.

3.3. MARKET OUTLOOK

Based on our market research, we understand that Outer Ring Road micro-market is perceived as one of the most notable destinations for both national and global occupiers on account of location advantage, connectivity, quality space offering, large scale developments offering scalability options, etc. Surrounded by a well developed residential infrastructure the location offers superior ecosystem for both corporates and its employees. The location is expected to continue as one of the leading micro markets within the City, which is going to be supported by continued development of quality Grade A spaces and planned infrastructure initiatives such as the under-development Metro Phase.

Further, the Subject Property is well positioned in the market to attract interest from occupiers owing to its location, specifications and amenities, developer's reputation, quality space offering, tenant relations, etc. Therefore, keeping in perspective the Subject Property's location, leasing in the micro market, quantum of leasable area, quality of construction, developer's reputation, type of space, etc., we are of the opinion that the Subject Property would command a lease rental of approx. INR 105 - 110 per sf per month as on date of valuation.

4. Subject Property - Ecoworld

Source: Client Inputs

Based on the review of sanctioned site layout shared by the Client and subsequent site visit, it is understood that the Subject Property 'Ecoworld' is an operational commercial development, located along Sarjapur-Outer Road, Devaranisanahalli, Bengaluru, Karnataka 560103.

The Subject Property is located towards the south-eastern portion of the concentric outer ring road. Sarjapur Outer Ring Road has emerged as one of the most prominent commercial office hubs of Bengaluru, on account of the premium quality of commercial office spaces and connectivity to other established micro-markets across the city. Some of the prominent commercial developments along Sarjapur-ORR include Embassy TechVillage, Ecospace, Ecworld (Subject Property), Prestige Tech Park, Cessna Business Park, etc.

¹ To standardize the efficiency of leases at the Subject Property in correlation with the market, we have adjusted the efficiency of existing office leases exceeding 70% to 70% upon renewal after expiry (Note: Current efficiency of the Subject Property is 78.20%). Further, the leasable highlighted above is as per rent roll as of date of valuation and in-line with the architect certificate. Going forwards, the leasable area would change with respect to efficiency true-up as indicated above.

Catchment Analysis: The subject influence region within 3-5 Km radius comprises of dense commercial and residential catchment of middle income to upper middle-income populace. It attracts footfalls from across the city due to the presence of multiple larger development commercial spaces in the vicinity. Some of the prominent commercial developments along Sarjapur-ORR include Embassy TechVillage, Ecospace, Ecoworld (Subject Property), Prestige Tech Park, Cessna Business Park, etc.

Surrounds: As per visual inspection conducted, we understand that Subject Property is surrounded as follows:

Particulars	Detail
North	Sarjapur Outer Ring Road (Primary Access Road)
South	Private Property (Adarsh Lakefront & Saul Lake)
East	Adarsh Palm Retreat Villa Development

West

Courtyard by Marriott (hospitality development)

Potential changes in surroundings:

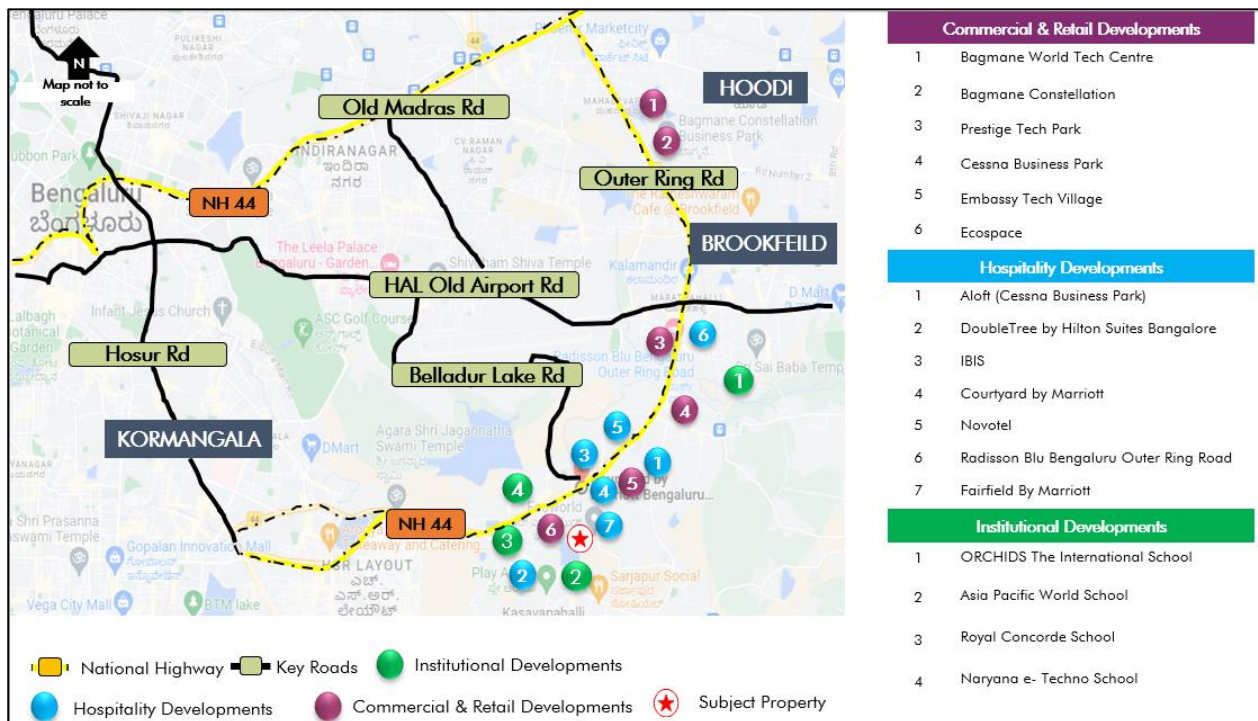

As highlighted earlier, the subject micro-market is one of the most preferred commercial office hubs of the city. The entire stretch of Sarjapur ORR starting from Sarjapur Junction to Marathahalli Junction is zoned as Mutation Corridor, providing ease of commercial/ residential conversion along with higher FAR (3.25) enabled the location to maximize development potential. Owing to the strategic location, there is significant development potential that is currently under development or planned and is expected to add to considerable supply in commercial, residential, retail and hotel space.

In addition to this, Bengaluru Development Authority has constructed several flyovers on ORR in an effort to make the ORR signal free. The signal free corridor is expected to cover 31 km starting from Central Silk Board Junction in South to Hebbal flyover in North along the eastern stretch covering the entire Sarjapur ORR. These infrastructure initiatives have significantly improved the connectivity and accessibility. Additionally, the planned metro connectivity along Sarjapur ORR is expected to further enhance the connectivity aspect and improve the overall profile of the micro-market.

5. VALUATION APPROACH AND METHODOLOGY

5.1. SCOPE OF VALUATION

The valuation exercise is to assess the Market Value of the Subject Property. The valuations have been conducted in accordance with the IVSC International Valuation Standards, (effective 31 January 2025).

5.2. BASIS OF VALUATION

The valuations have been conducted in accordance with the IVSC (International Valuation Standards Council) effective from 31 January 2025 and is in compliance with the International Valuation Standards (IVS) and in accordance with the SEBI REIT Regulations 2014. The valuation exercise has been undertaken by appropriately qualified Valuer and would be aimed at assessing the Market Value of Subject Property.

As per the International Valuation Standards, Market Value is defined as:

‘The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion’.

5.3. APPROACH AND METHODOLOGY

The purpose of this valuation exercise is to estimate the Market Value (MV) of the Subject Property. Market Value is derived through the following Methodologies:

5.3.1. Direct Comparison Approach

In **‘Direct Comparison Approach’**, the property is compared to similar properties that have actually been sold in an arms-length transaction or are offered for sale. The comparable evidence gathered during research is adjusted for premiums and discounts based on property specific attributes to reflect the underlying value of the property.’

5.3.2. Income Approach

The income approach is based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset. There are two commonly used methods of the income approach in real estate valuation namely, income capitalization and discounted cash flow (DCF).

A. Direct Capitalization Method

Direct capitalization involves capitalizing a ‘normalized’ single - year net income estimated by an appropriate yield. This approach is best utilized with stable revenue producing assets, whereby there is little volatility in the net annual income.

B. Discounted Cash Flow Method

A Discounted Cash Flow Analysis is based upon estimates of future financial performance. The methodology begins with a set of assumptions regarding income and expenses of the Asset and future economic conditions in the local market. The income and expense figures are assessed with adjustments for estimated changes in economic conditions and any contractual commitments. The resultant value is considered the best estimate but is not to be construed as a prediction or guarantee and is fully dependent upon the reasonableness of the assumptions with respect to income, expenses, and market conditions, which are based on information available as at the valuation date.

5.4. APPROACH AND METHODOLOGY ADOPTED

Considering the objective of this exercise, the nature of asset involved and the purpose of the valuation.

We are of the opinion that the **income approach** which is appropriate to value such asset based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset.

Under the Income approach, **Discounted Cash Flow** analysis is based upon estimates of future financial performance which also considers the income and expenses of the Asset accounting for the future fluctuations due to expected market dynamics.

Hence, for the purpose of this valuation exercise, we have adopted **Discounted Cash Flow Method** (using rent reversion approach) for the operating spaces.

For the purpose of this valuation exercise, we have analysed the tenancy details provided by the Client to identify variances vis-à-vis prevailing marginal rent. In the event the contracted rent is within the threshold, we have assumed that the tenant will continue on the current agreed terms. In the event the rent is higher than the marginal rent threshold, we have assumed that the lease would be renegotiated to marginal rent terms (at the time of the lock-in expiry, next escalation, etc.).

5.5. INFORMATION SOURCES FOR VALUATION

The property related information referred to for the valuation exercise has been provided by the Client unless otherwise mentioned. We assumed any documents provided to be a true copy of the original. The rent roll has been cross-checked with the lease deeds on a sample basis to verify authenticity. Additionally, wherever possible, we have independently revalidated the information by reviewing the originals as provided by the Client.

The table below highlights various data points referred throughout the course of this valuation report and the data sources for the same. Property related documents referred to in the table below have been provided to the Valuer by the Client unless otherwise mentioned.

Based on the Client's input, in addition to the existing operational commercial development, there remains a balance area within the approved Floor Space Index (FSI) that is available for further development. A construction plan has been proposed to utilize this remaining FSI for commercial and retail space, totaling **79,633 sft**. Accordingly, this additional leasable area of 79,633 sft has also been considered for the purpose of valuation. As per the Architect certificate given that the FSI is available within the Subject Property the Client should be able to develop this with appropriate planning and minimal impact on current operation plans.

6.3. TENANCY ANALYSIS

This section provides a summary of the current tenancy configuration of the property as extracted from the tenancy schedule provided by the Client. Brief overview of the type of tenants, area split across various tenant categories, rental share, etc. as of September 30, 2025 has been provided below:

Current Tenant Category Mix:

Tenant Category	Leased Area (sf)	% of Area Leased	% Share (of Gross Rental Income)	No. of Tenants

6.3.1. Historical Occupancy Rates

The table below highlights the historical occupancy rates basis the occupied area as on the below mentioned dates for the Subject Property:

31-Mar-21	31-March-22	31-March-23	31-March-24	31-March-25	30-Sep-25
96.1%	95.7%	92.8%	89.4%	85.5%	94.4%

6.3.2. Lease Expiry Analysis

The graph below highlights the area/leases due for expiry in the next 5 years:

Source: Information provided by the Client

As highlighted in the chart above, approx. 43.1% of the area is getting expired by FY30. However, the Subject Property is one of the most sought-after office developments across Bengaluru, with superior tenant mix and relationships. Further, considering the heightened demand for office space witnessed in the micro-market, we opine that the marketing/leasing risk of the Subject Property would be relatively lower.

Additionally, the Weighted Average Lease Expiry (WALE) for the entire property is 5.41 years (by area) and 5.76 years (by rental) as on the date of valuation.

6.3.3. Escalation Analysis

As per the review of recent leasing at the Subject Property it is understood that the contracted escalation terms for these leases are in the range of 15.0% every 3 years are in line with the prevailing market practice witnessed across the micro-market and Bengaluru.

6.3.4. Marginal Rent Analysis

Marginal Rent Analysis evaluates the incremental rental income from leasing additional space or renewing existing leases at higher rents and provides insight into rental growth rates.

As per the Client inputs the CAGR achieved for the Subject Property from FY21 to FY26 YTD is 6.07%.

The graph below highlights the year-on-year analysis:

Source: Rent Roll shared by the client

6.4. CONSTRUCTION TIMELINE

Based on the architect certificate shared by the Client and as per the observation made during the site visit, major part of Subject Property i.e., 7.6 mn sft is operational asset and has received its occupancy certificate as mentioned in the approvals section (Refer Annexure 7.3). Further, based on the Client input, in addition to the existing operational commercial development, there remains a balance area within the approved Floor Space Index (FSI) that is available for further development. A construction plan has been proposed to utilize this remaining FSI for commercial and retail space in campus 6,7,8, totalling 79,633 sft. The construction for which is planned to be completed by FY 2028 – Q3 with a minimal impact on current operation space.

6.5. ABSORPTION TIMELINE

In order to arrive at the absorption levels at the Subject Property, we have analyzed the historical demand and supply trends coupled with the estimation of future supply proposed to be introduced in the subject micro market. Keeping the same in perspective, we are of the opinion that the vacant space in the Subject Property is expected to be leased by end FY 2029 – Q1.

6.6. ASSUMPTIONS – RENTAL REVENUE

6.6.1. Office Lease Rental Assumptions

For the purpose of this valuation assessment, the lease rent adopted for the area already leased is based on the rent roll shared by the Client. Further, we have assessed the prevailing rental values in the micro market. Considering the same, we have adopted the below market rental for the vacant office spaces for the purpose of this valuation exercise.

Leasable Area (sf)	Leased Area (sf)	Basis	Rental (INR psf per month)
74,24,963	70,24,385	In-place Rent for Leased Area	91.9
		Market Rent for Reversion/ Vacant Area (Cluster 1: Campus 1, 2, 3, 4AB, 4C, 5)*	104.0

Market Rent for Reversion/ Vacant Area (Cluster 2: Campus 6, 7, 8, 4D)*	109.0
-------------------------------------------------------------------------	-------

Source: iVAS Assessment; * an additional discount of 5% is considered for the Anchor tenants within the respective blocks upon lease expiry/re-leasing (Anchor Tenant - any tenant occupying cumulative area greater than or equal to 0.1 msf) spaces as on date of valuation.

The above market rent assumption is adopted for the office spaces forming part of the Subject Property. In addition to market analysis, a detailed analysis of the rent rolls was also undertaken to understand aspects such as area occupied, current rent and expiry analysis of the key tenants in the park.

For the occupied space, we have assumed that post lease expiry, these spaces will revert to market rent prevailing at that point in time.

6.6.2. Retail Lease Rental Assumption

In a business park, typically the retail space operates as an ancillary retail, providing convenience to the working population in the Subject Property. To arrive at the market rent for retail area we have analyzed the in-place rental for such spaces within the Subject Property, recent leasing within the property recent retail transactions in the nearby developments and Subject Property, which was observed in the range of INR 90- 120 psf per month.

Leasable Area (sf)	Leased Area (sf)	Basis	Rental (INR psf per month)
190,384	162,088	In-place Rent for Leased Area	96.3
		Market Rent for Reversion/ Vacant Area	96.4

Source: iVAS Assessment

6.6.3. Fit-out Rental Assumptions

As per the information provided by the Client in the rent roll, we understand that in addition to the lease rent, there is rent towards fit-out for few of the tenants. For the purpose of this valuation, we have adopted the tenant wise fit-out details as provided in the rent roll.

6.6.4. Parking Assumptions

Based on the prevailing car parking rate in the Subject Property and Sub-market, we have assumed the following car parking charges:

Particulars	Details
Total Number of Parking Slots	9,630
Total Number of Chargeable Parking Slots	6,580
Vacant space car parking rental (INR per month per slot)	4,500

Source: iVAS Assessment; Rent roll provided by the Client

6.7. ASSUMPTIONS – NON-RENTAL REVENUE

In addition to lease rent revenues, office assets typically have additional sources of revenue. These include CAM revenue, revenues on account of security deposit (refunded at the time of lease expiry / exit), other miscellaneous income (such as cell sites, signages), etc.

Nature of Income	Unit	Details
CAM Revenue	INR psf per month	INR 13.63 psf per month
Property Manager Revenue**	% of Rent, Car parking income and Fitout Income (plus 20% Markup)	6%
Security Deposit*	No. of months' rental	6 months
Rent Free True Up***	INR Mn (Q1CY 2026 to Q4CY 2026)	1,000

Source: Information provided by the Client and iVAS; *Refunded at the time of lease expiry/exit/**As per Client input it is understood that Property Manager Revenue is collected from tenant (which are on Cost plus CAM Model) over and above CAM Revenue. This is collected as 6.0% +20% margin on 6.0% on base rent, cap parking charges and fit-out rent. As per information provided by the Client, it is understood that the Client will receive INR 1,000 Mn from the current owner as a compensation towards future rent free on committed LOIs.

6.8. RENT ESCALATION

Escalation on renewal - Based on the analysis of existing lease rent roll and recent leasing at the Subject Property, it is observed that the typical escalation clause in the Subject Property is 15.0% every 3 years, which is in-line with the trend observed in the market. The same has been adopted by the iVAS for the vacant area and renewals at the Subject Property.

Market Rental Growth – Based on the historical growth trends, increase in the disposable income and feedback from market players, we opine that the rental growth is expected to grow as per the following table:

Particulars	Unit	Details
Escalation for Vacant Spaces	%, no. of years	15% every 3 years
Market Rent Growth Rate	%	5.0% per annum

Source: iVAS Assessment

6.9. CAPITAL EXPENDITURE

6.9.1. Development Cost

Based on the Client input and Architect Certificate, in addition to the existing operational commercial development, there remains a balance area within the approved Floor Space Index (FSI) that is available for further development. A construction plan has been proposed to utilize this remaining FSI for commercial and retail space, totalling 79,633 sft. Accordingly, this additional leasable area of 79,633 sft has also been considered for the purpose of valuation. Cost of construction along with the timeline is tabulated below:

Expense Head	Total Pending Cost (INR Mn)	Period
Construction Cost	537.60	FY27- Q3 to FY28-Q3

Source: Information provided by the Client

6.9.2. Major Repair and Improvements

The table below highlights the assumptions towards the pending expenses/ infrastructure upgrade works in the Subject Property:

Expense Head	Total Pending Cost (INR Mn)
Refurbishment Capex for Ecoworld	2,460

Source: Information provided by the Client

6.10. OTHER ASSUMPTIONS

A development typically has few recurring operation expenses required for the upkeep running of the development. Based on information provided by the Client and market assessment, following expense assumptions have been adopted for the purpose of this valuation exercise:

Nature of Expense	Details
Reserves & Maintenance (R&M) Provision	2.0% of Gross Rental
CAM Expense	INR 11.36 psf per month

Nature of Expense	Details
Property Tax/ Insurance	INR 230.62 Mn as on FY26 as per the Client input with 5.0% p.a. escalation from Apr'26 onwards
Payroll Expense	INR 276.66 Mn for next 12 months as per the Client input with 8.0% p.a. escalation from Apr'26 onwards
Vacancy Allowance	2.5% of Revenue from Operations
Rent Free Period	3 Months
Brokerage	2 Months

6.11. FINANCIAL ASSUMPTIONS

6.11.1. Exit Valuation – Capitalization Rates

The Capitalization Rate (Cap Rate) represents the ratio of Net Operating Income (NOI) to Market Value, indicating the expected income yield at the time of exit. To determine the Cap Rate for the Subject Property, we have analysed various factors, including:

Historical Yields: Historical yields for core retail asset transactions across various key markets in India have shown a steady downward trend over the 10-12 years, decreasing from 10.5-11.5% to approximately 7.5-8.5% over the last four years. This is based on the publicly reported transactions across key micro markets tracked over the years and our in-house intelligence on the implied yields.

Market Appetite and Financing Options: The increased appetite for income-producing assets and the availability of various financing options (real estate credit flows) backing such acquisitions have been considered.

Demand-Supply Dynamics: The demand-supply situation in respective cities and expected dynamics of demand leading supply have been evaluated, taking into account barriers to entry such as land availability and higher initial cost outlays. Developers are expected to focus on emerging locations with positioning of neighbourhood urban consumption centres.

Inflation and Interest Rates: Inflation and interest rates are expected to be maintained in check with interventions from regulators in case of severe swings.

Liquidity and REIT Listings: The liquidity associated with REIT-listed/public listings, including the multiplicity of buyers and relatively lower budgets per buyer, has been considered.

To estimate the exit valuation, NOI has been capitalized using prevalent / expected market yields for institutional sale of commercial properties in the market. A few recent transactions witnessed for commercial assets across various micro markets/ cities (as available in the public domain) have been detailed below:

City/Location	Date of Transaction	Area (sft)	Deal Value (INR Mn)	Indicative Yield
Bengaluru	Q3 2025	172,493	1,762	7.5% - 8%
Delhi	Q3 2025	259,398	7,500	7% - 7.5%
Hyderabad	Q1 2025	1,822,433	20,380	7.9% - 8.4%
Bengaluru	Q1 2024	1,210,000	14,750	7.75% - 8.25%
Bengaluru	Q4 2023	119,000	595	8.5% - 9.0%
Pune	Q1, 2023	2,308,619	13,469	7.25% - 7.5%
Bengaluru	Q3, 2022	850,885	8,500	8.0% - 8.25%
Hyderabad	Q1,2021	639,495	5,060	8.00% - 8.25%
PAN India	Q4, 2020	21,000,000	110,000	8.5% - 8.75%

City/Location	Date of Transaction	Area (sft)	Deal Value (INR Mn)	Indicative Yield
Gurgaon	Q4, 2020	813,000	19,700	8.0% - 8.25%
Bengaluru	Q4, 2020	8,200,000	97,820	7.50% - 7.75%
Bengaluru	Q1, 2020	1,870,000	25,000	8.75% - 9.00%

Source: Market Research, *Yields mentioned in the table are on market rentals & exclusive of interest on security deposits; Please note that, due to the confidential nature of real estate transactions, most deal details, including Net Operating Income (NOI), are not publicly disclosed. Consequently, we relied on information on our market intelligence from various market sources, which may not be entirely accurate.

Based on the analysis, we observed that comparable institutional deals of similar assets over the last 2-3 years are in the range of 7.00% to 9.00%. Additionally, we have evaluated the Subject Property and micro market based on three key parameters:

- Market Conditions: Assessed location, demand-supply dynamics, and rental growth prospects.
- Weighted Average Lease Expiry (WALE): Evaluated average lease tenure, lease expiry schedule over the next few years, and tenant profile.
- Building Grade: Considered building age, quality of construction, and presence of on-site amenities.

Considering the comparable deals, performance, and micro market attributes, we opine that the exit Cap Rate for the Subject Property should be similar to the transacted comparable deals. The Subject Property is capitalized at 7.75%.

The net exit value (transaction cost on exit) is further adjusted for exit costs to the extent of 1.0 % of exit value based on prevailing market rates.

6.11.2. Discount Rate

For discounting the cash flows, an appropriate discount rate has been calculated on the basis of estimated 'Weighted Average Cost of Capital' (WACC), as set out below.

6.11.3. Cost of Equity

The Valuer has computed the cost of equity as per the Capital Asset Pricing Model (CAPM), which is derived as follows:

$$\text{Cost of equity} = \text{Risk Free Rate (Rf)} + \text{Beta } (\beta) * (\text{Market Return (Rm)} - \text{Risk Free Rate (Rf)})$$

As mentioned above, the cost of equity computed using CAPM constitutes of the following components:

- **Risk free rate (Rf)**

The Risk-Free Rate is based on the 10-year Government Securities Yield (G-Sec) rate in India, which is currently 6.58% as of the valuation date as published by RBI

- **Market return (Rm)**

Computed based on the returns of BSE SENSEX stock index for the past 10 financial years averaging to 10.5%

- **Beta (β)**

Following are the steps adopted for the calculation of Beta

Step 1: Compute Unlevered Beta (β_u) = 0.94%

Computed basis correlation of the key listed realty stocks in India versus. BSE SENSEX

Step 2: Determine Sector's Average Debt-to-Equity Ratio = 47.7%

Opined basis the capital structure of the listed realty stocks in India

Step 3: Re-lever the Unlevered Beta (β_u) = 1.28

Derived basis the sector's average debt to equity ratio as of the valuation date

Further, utilizing the computed parameters, post-tax cost of equity of 11.7% was calculated and then adjusted for a 25% tax rate to estimate the pre-tax cost of equity of 15.5%.

For Operational Assets: Since this computed cost of equity is based on the listed realty stocks which comprises of diverse portfolio of land, under-construction, and operational assets, we have adopted a discount on the expected equity return from stabilized assets with recurring income to 14.5% to reflect the Subject property's operational status with no development and approvals risk. This adjustment is based on our market understanding, inputs from key players, and opinion on the Asset's performance.

6.11.4. Cost of Debt

The cost of debt for completed assets has been considered based on prevalent Lease Rental Discounting (LRD) rates for Grade A office/retail assets across submarkets which ranges from 8% to 9% depending upon the asset quality, borrower profile, tenure, etc. based on our interactions with lenders involved in LRD financing.

6.11.5. Weighted Average Cost of Capital (WACC)

As highlighted earlier, the cost of debt is based on prevalent LRD rates, while the cost of equity reflects asset and market-specific attributes for an operational Grade A asset. Further, the debt and equity proportions are determined using market-led loan-to-value (LTV) ratios and stabilized ratio over the tenure of the loan. This proportion can vary depending on parameters like LTV eligibility and cost of debt for different asset classes. Considering the same, we have adopted a debt-equity ratio of 47.5% - 52.5% for the Subject Property.

The following Discount rates have been assumed for the valuation exercise:

For Operational Space:

Component	Proportion	Cost	WACC
Debt	47.50%	8.70%	11.75%
Equity	52.50%	14.50%	

Source: Valuer Assumptions

For Future Development

Component	Proportion	Cost	WACC
Debt	60.0%	10.50%	13.70%
Equity	40.0%	18.50%	

Source: Valuer Assumptions

6.12. VALUE OF THE SUBJECT PROPERTY

Based on the above analysis, the value of the Subject Property, as of date of valuation, comprising operational component and unutilized FSI is mentioned below:

Particulars	Methodology	Value (INR Mn)
Ecoworld – Operational Commercial Area	Discounted Cash Flow Method	1,40,248
Proposed Area	Discounted Cash Flow Method	603
Total		1,40,851

Based on our valuation assessment please find below projected year-on-year net operating income (NOI) for the Subject Property:

Component	FY 26	FY 27	FY 28	FY 29	FY 30	FY 31	FY 32	FY 33	FY 34	FY 35	FY 36
Projected NOI (INR Mn)	3,509	8,284	10,153	11,310	12,156	12,721	12,932	14,200	15,083	15,834	16,869
Y-O-Y Growth %			23%	11%	7%	5%	2%*	10%	6%	5%	7%

Source: Valuer's assessment; *owing to lease expiry and limited contracted escalations.

The projected NOI growth will be driven through a combination of contractual escalations in rental, downtime and rent-free period post leases expiry. Further, in addition, there will be occupancy ramp up along with mark to market potential for leases expiring over the course of next ten years leading to increase in NOI. For detailed cashflows please refer to Exhibits and Addendums section 7.0.
